Abel Convicted As Soviet Spy

Faces Possible Death Penalty Under Federal Law

NEW YORK (AP) — Soviet spy master Col. Rudolf Ivanovich Abel was convicted Friday of conspiring to gather and send to Russia American atomic and military secrets.

Abel, 55, faces the death penalty under the federal law which resulted in the execution of American spies Julius and Ethel Rosenberg in 1953.

Federal Judge Mortimer W. Byers scheduled sentencing for Nov. 15.

If he imposed the death penalty on Abel, the spindly, stoic Soviet secret police agent would be the first foreign national to die in peacetime for spying in the U. S. Abel's court-appointed counsel James B. Donovan, planned an appeal after sentencing. It was likely that the case would go to the Supreme Court.

Abel did not take the stand during his nine-day trial before a jury of nine men and three women nor did he offer any defense witness. His defense largely was an attack by Donovan on the key government witnesses offered by the prosecutor, Assistant U. S. Attorney William F. Tompkins.

Miss Joan Seright, 1956 Queen, Places Crown; Parade Winners are Announced

Harrisburg Township high school today had a new Queen and a football victory over Carbondale as a result of the 1957 Homecoming activities that ended late last night.

Taylor Field was like the inside of a refrigerator as the Bull Dogs beat Carbondale, 7 to 0.

Afterwards Miss Janet Tanner was crowned Homecoming Queen of 1957 in a beautiful ceremony during the Homecoming Ball in Bonnell gym.

Yesterday's events started with the parade in the afternoon and the winners were announced as follows:

High school division: Decorated cars—Hi Tri first, Future Homemakers of America second, Library club third. Floats—GAA first, Junior class second, Freshman class third.

Alumni division: Class of 1927 first.

Civic Groups division: Decorated cars—Fraternal Order of Eagles first. Floats—Beta Sigma Phi first, Jaycees second.

Halftime Activities
During the halftime program at Taylor Field the HTHS band first took over the entertainment, forming a big C and playing the Carbondale school song.

Then the band formed a huge heart and played "A Pretty Girl is Like a Melody" as the new Queen, her maids of honor and the class attendants were introduced. Maids of honor were Misses Linda Schwartz, Jane Davis and Doris Williams, seniors, and attendants were Betty Jenkins junior; Penny Wise, sophomore; and Linda Woodruff, freshman.

Church Women To Observe World Community Day

The church women of Harrisburg and adjacent communities will meet Friday, because they believe in the principles of "Food, Freedom and Dignity." They believe that these were worth fighting for in the past and they are worth praying for and giving for today. World Community Day, sponsored by the United Church Women of this community, offers everyone an opportunity to give. Everyone is invited to take part in a national observance of World Community Day, Friday, in the First Presbyterian church.

Mrs. Paul Halberstien will preside at the worship service. Church people will meet at this time to pray for peace and to bring their "Parcels for Peace" and gifts of money to defray the cost of shipping clothing from the world centers and to carry out self help programs for destitute peoples.

The parcels will contain blankets, household linens, warm clothing and lengths of denim to be made into work clothes by the mothers of families, for sons and husbands. These supplies, collected on World Community Day, will be sent to "forgotten" children and destitute men and women in the Near East, Pakistan, and Southeast Asia.

Church women believe that with these offerings, they are contributing to the uplift of the physical life, and that this in turn, will bring about an uplift of the spiritual life of the people helped. They believe, further, that by warring against poverty, ignorance and disease, the world can, in time, break down the barriers that bring about wars.

Women pray increasingly that a World Community Day will grow into a universal era of peace.

Mrs. Hattie Williams, 61, Former Resident of Mitchellville, Dies

Mrs. Hattie Williams, 61, former resident of the Mitchellville community, died in the Jewish hospital in St. Louis, Mo., at 5 p. m. Friday. The funeral and burial will be in St. Louis, Monday.

Mrs. Williams is survived by her son and his family, Mr. and Mrs. Jack Williams and grandson, Joey of Goodfellow Ave., St. Louis, Mo., with whom she made her home. She is also survived by her sister, Mrs. Hubert Dove, of the Raleigh road and her half-brother, Spencer Hill, of Harrisburg. She was preceded in death by six brothers and sisters.

Eisenhower May Attend Summit Parley in France

Will Push Plan For Alliance By Free World

U. S. and Britain Ask Consolidation Of Resources

WASHINGTON (AP) — Diplomatic sources said today that President Eisenhower will go to Paris in December to push his plan for a free world scientific alliance.

In Paris, U. S. Ambassador Amory Houghton said the President will fly to Paris for a North Atlantic Treaty Organization meeting Dec. 15.

Neither the White House nor the State Department would comment immediately.

But C. Burke Elbrick, assistant secretary of state for European affairs, scheduled a conference with French Ambassador Herve Alphand.

The Paris trip would be for the purpose of enlisting other countries at a NATO "summit" conference in the proposal, promulgated by the United States and Britain Friday, for consolidation of the free world's resources to counteract Russia's new missile menace.

Eisenhower himself conferred with George W. Perkins, retiring permanent U. S. representative to the NATO council.

Perkins told reporters afterward the President's reported trip was not discussed; that they talked about European problems generally and the work of his successor, W. Randolph Burgess, at NATO.

President Eisenhower, a chief architect of the fresh concept for world security, may try to enlist allied leaders in Europe behind the dramatic proposal at a "summit" meeting in Paris before Christmas.

Between now and then American and British officials will attempt to draft an "action plan" to make the super alliance a reality. They will work from broad principles laid down at the conclusion Friday of three days of urgent conferences between the President and British Prime Minister Harold Macmillan.

Methods Major Obstacle
But exactly how free nations could pool weapons, brainpower, and scientific know-how with safeguards against secrets falling into Soviet hands, loomed as a major obstacle to achievement of the alliance. The Eisenhower-Macmillan communique issued at the

Lodge Charges Soviet 'War Scare'

Accuses Kremlin of Meddling in Middle East; Congratulated by UN Diplomats

By United Press

An unconcerned Turkey prepared today for the general elections Russia has said would precede an American-inspired attack on Syria. But Syria appeared to be suffering from a case of war jitters.

U. S. Ambassador Henry Cabot Lodge, in a gloves-off speech at the United Nations Friday, accused the Kremlin bosses of creating an "artificial" war scare along the Turkish-Syrian border.

Lodge minced no words in his indictment of Russia's meddling in the Middle East. The Soviet charges, he said, were designed to picture Moscow as the "savior of the Arabs" and eventually "reduce the Middle East to the status of the captive nations of eastern Europe."

U. S. Support Pledged
Lodge declared the United States will not be stopped "by threats or defamation" from the Soviet Union in "continuing to offer its understanding and support to those nations... threatened by the Soviet Union and whose independence the Soviet Union seeks to destroy."

"Let there be no question about our capacity to offer this support. We are strong and our allies are strong. The (U. N.) Charter is the most powerful grand alliance against aggression. It could well become the most powerful alliance the world has ever seen."

Western and some neutral nations diplomats congratulated Lodge on his forthright statement. He was given a rare round of applause from the delegates at the conclusion of his speech.

Russia Charges 'Prodding'
Soviet Foreign Minister Andrei Gromyko listened impassively throughout. He had charged the United States was "prodding" Tur-

key to attack Syria "immediately after" Sunday's general elections. He warned such aggression could touch off World War III.

United Press correspondent Russell Jones reported seeing no signs of any war preparations, defensive or offensive, during a tour of the Turkish frontier.

PINCKNEYVILLE, Ill. (AP) — A Du Quoin Navy veteran has been found not guilty of the murder of his uncle at a beer party March 24.

A Perry County jury of seven women and five men deliberated one and one-half hours late Friday before returning the not guilty verdict for Billy Carson Buntun, 24, in the death of John Edgar Hunter, 32.

Buntun maintained that his pistol fired accidentally as he was taking it from a holster.

Infant Girl Suffocates in Crib

DECATUR, Ill. (AP) — An 18-month-old girl suffocated in her crib Friday when her 4-year-old brother started a fire in their home by playing with matches.

The victim was Maureen Shield, daughter of Mr. and Mrs. Thomas Shield. One of the matches was thrown on to a bed by the brother and the bed started to burn. Smoke from the blaze suffocated the girl. The children's mother had stepped across the street to see a neighbor.

Fleck Acquitted In Estate Scandal

CHICAGO (AP) — A jury acquitted former Cook County Public Administrator Charles J. Fleck of conspiracy charges Friday night in the \$50,000 estate scandal of Frank J. Rozanski.

The jury brought in the not guilty verdict 40 minutes after it retired to consider the evidence submitted during the three-week trial.

Fleck was charged with conspiracy in connection with Mrs. Helen Compell's fraudulent claim to the estate of the Polish immigrant who died in 1954 without leaving a will. Mrs. Compell, 55, had come forward claiming to be Rozanski's daughter, a claim she later denied.

Fleck, Republican committeeman of the 45th Ward, submitted to cross-examination by Abbey Blattberg, assistant state's attorney. Blattberg's questioning emphasized alleged difficulties Fleck had in persuading Probate Court Judge James Montana to approve Mrs. Compell's claim.

Six more persons are to be tried in connection with Mrs. Compell's false claim.

Items of Agricultural Interest

S.I.U. Country Column

By Albert Meyer

The rain came last week and many farmers are happy. Although prolonged rainfall just now may slow down soybean and corn harvesting, farmers with new seedlings of wheat, hay, or pasture crops were needing moisture to obtain good seed germination. Also happy with the showers were Paul Lamendola, district forester at Murphysboro, and other state and national foresters in Southern Illinois who were beginning to worry about forest fires. With vegetation dying, leaves beginning to fall, and the intensive hunting season approaching, a drought period means anxious days and hard work.

Lamendola also passes along the information that farmers who plan to plant some of their rough land in forests—as they should—ought to begin placing their orders for seedlings with the Illinois Division of Forestry. Charges are nominal to cover production and packing costs at state nurseries near Jonesboro in Union County and near Havana in north central Illinois. Transportation charges are additional. Farmers should consider specie

adaptation to soil as well as the growing rate and the commercial value of the trees when mature.

For example, cottonwood is one of the fastest growing native forest trees in North America, he says. It reaches merchantable size and adds quality log volume much faster than other forest tree varieties. Much of the cotton wood harvested is used for making boxes, crates, veneer baskets and other specialty products, such as kite sticks. The wood texture makes it easy to work with and it does not split easily.

The wood is lightweight, soft, fine-grained, tough, and odorless. Much of the land along the Mississippi River and its tributaries is suited for growing cottonwood. The seedlings grow best on bottomlands, newly-made land, benches, and terraces that are moist but well-drained. The seedlings cannot compete well with other vegetation so the planting site must receive some preparation.

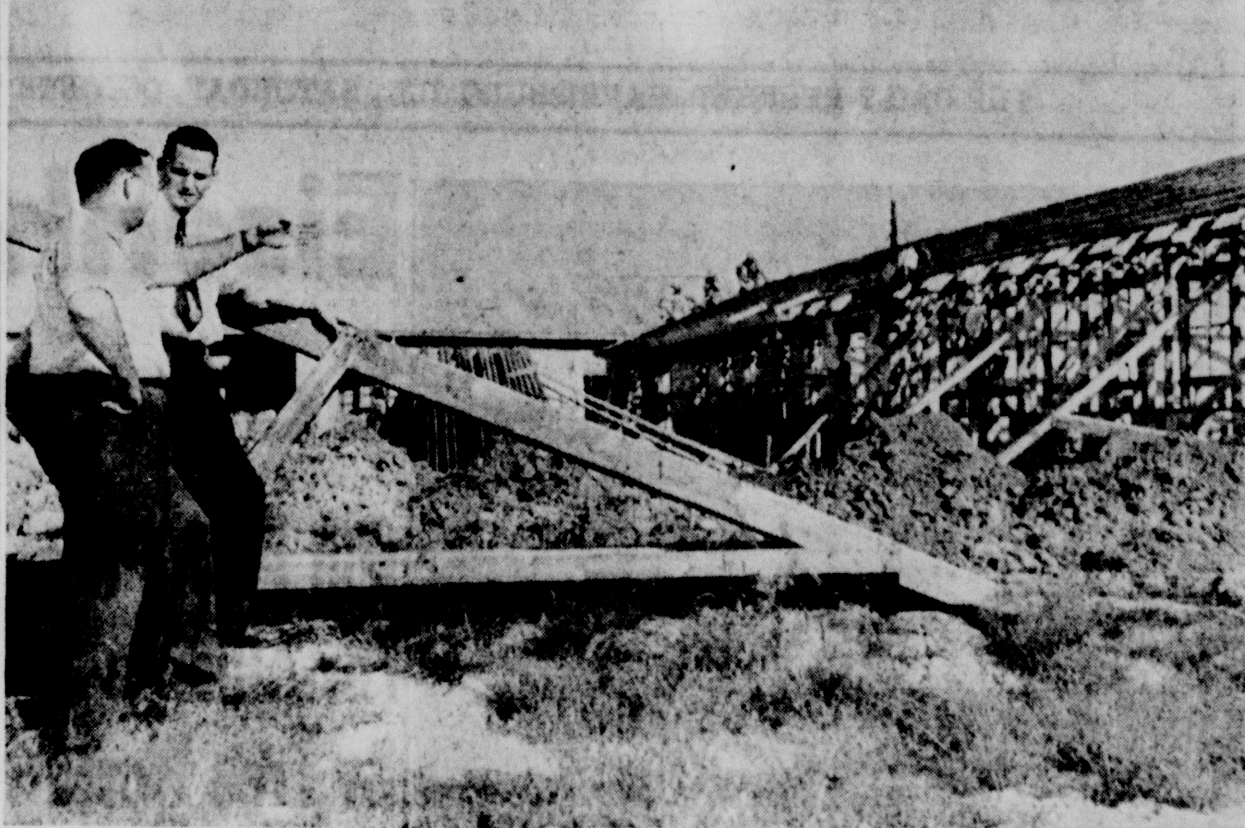

Lamendola thinks more cottonwood should be planted because it does grow fast and is in good demand. He suggests planting at six foot intervals in rows ten feet apart so that the plantation area may be disced occasionally to keep weeds and other vegetation below the level of the small trees. This will allow planting of 725 seedlings per acre.

Another large hardwood tree that is abundant on the bottomlands along the Mississippi and its tributaries is the sycamore. The wood is moderately heavy and strong, and is used principally as interior trim, fancy paneling, and furniture. It also is used for boxes, crates, and baskets—mostly food containers. The heartwood is reddish-brown but the sapwood is lighter colored. Quarter-sawn lumber and rotary-cut veneer brings out an excellent figure, he says.

In Southern Illinois, sycamore usually grows 70 to 100 feet in height and two to five feet in diameter. The tree may be planted with good success on either poor or well-drained bottomland and on lower slopes, but does best, of course, on the better drained areas. It grows rapidly and withstands competition from weeds and grasses. Planting at eight foot intervals is desirable, requiring 680 seedlings per acre.

Both these varieties may be obtained from state nurseries at 7.50 per thousand seedlings. Additional information may be obtained from the farm foresters at Anna, Sparta, or Harrisburg.

Select a bulk tank first and then plan your milk house to fit the tank, says a University of Illinois agricultural engineer.

Give Corn Picker Close Inspection

A corn picker that continually clogs is not only causing too much field loss but also greatly increases your chances of getting caught.

To reduce the number of unnecessary delays from clogged rolls or other mechanical difficulties, give your picker a critical inspection, says O. L. Hogsett, extension safety specialist at the University of Illinois College of Agriculture.

Start with the snapping rolls. Rolls worn beyond their usefulness may cause clogging. Borrow a new roll from your dealer and compare it with the old ones to see the difference.

The same holds true for the husking rolls. Check the spring tension. If the rolls won't adjust, a spring may be broken. Don't hesitate to replace them if you think it might reduce clogging or improve husking.

When you inspect your picker, it's a good idea to make sure that all shields are in place and there are no protruding obstructions, such as cotter pins, nails or bolts, to catch your clothing.

Chances of having an accident this picking season will be much less if you can get your crop in without unnecessary delays from clogging. There's a good reason for trouble. Locate and eliminate the hazard so that your corn-picking season will be safe and efficient.

Large Posts Not Necessarily Long Lived

Size of a white pine fence post is no indication how long it will last.

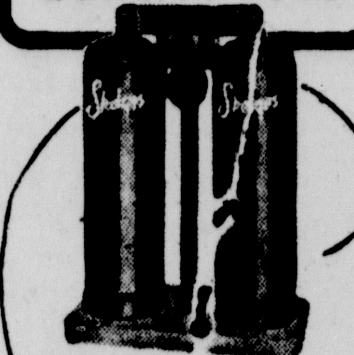

C. S. Walters, forest products use researcher at the University of Illinois College of Agriculture, reports these results from an experiment with 25 untreated eastern white pine posts at Sinnissippi forest near Oregon in Ogle county.

These posts were cut from a 35-year-old plantation and were set in a fence line in 1943. They have been examined every year since then, Walters says.

The researchers checked failure of the posts by sharply shoving the top of each post. They consider this test practical because it approximates the same conditions of stress that farm fence posts ordinarily get.

Service life of the posts was not closely related to the diameters of the posts involved. One post 4.3 inches in diameter gave 121 months of service before it failed while another post 6.2 inches in diameter lasted only 38 months.

Corn Silage Good Winter Feed for Ewes

DIXON SPRINGS — Corn silage makes good winter feed for ewes.

You may need to rely on corn silage if your hay crop this summer was shorter than usual or if you have a problem of soft corn because of early frost, says J. M. Lewis, assistant professor of agricultural research at the University of Illinois Dixon Springs Experiment Station.

Most farmers will feed corn silage with other roughages, but it can be fed as the only roughage if properly supplemented, Lewis points out.

Ewes will eat from six to eight pounds of corn silage daily if it is the only roughage. Supplement this silage with one-fifth pound of protein and one-half ounce of feeding-grade limestone daily to correct the protein and calcium deficiency in the corn silage.

Half of a flock of ewes were fed through the winter at the Dixon Springs Station with silage as the only source of roughage. In addition to the recommended amounts of protein and calcium, they also got a pound of grain daily consisting of equal parts of shell corn and oats.

Ewes fed corn silage in this program were as thrifty as those fed legume hay, and they gained more weight, Lewis reports. Their lambs were as heavy and strong at birth and gained faster because the ewes fed silage milked better.

Plenty of Hogs Still Get Cholera

Don't "cut costs" at the expense of vaccinating your hogs against cholera, warns Dr. R. D. Hatch of the University of Illinois College of Veterinary Medicine.

Dr. Hatch points out that, despite improved vaccines developed in recent years, hog cholera is still a stubborn foe to the swine farmer. He says it is almost 100 percent fatal, and there are so many ways that hogs can be exposed to the virus that it's impossible to "stop up all the cracks."

For example, hog cholera can be introduced into a herd by dirt from the farmer's shoes from a bone brought from a neighbor's home by a dog, from litter thrown from a stock truck and in various other ways. Even improper handling and use of the virus for treating pigs may start an outbreak of cholera. So vaccination by a

Identify Calves for Herd Replacements

Unless you tag your heifer calves at birth, you may be picking your herd replacements blindly, says G. W. Harpstead, extension dairy specialist at the University of Illinois College of Agriculture.

It's easy to forget which of seven or eight calves in a pen came from which cow, Harpstead points out. And it's even easier when they're yearlings, because you will not be working with them so closely as when they were calves.

Identifying calves is a simple operation that takes only a few minutes. Eartags are perhaps the most widely used and easiest method of identification. You can get eartags and pliers from any supply house. Dairymen who are enrolled in the Dairy Herd Improvement program should have their calves eartagged by the DHIA tester.

Another method of identifying calves is with an ear tattoo. A punch forces a special ink into the inside of the calf's ear.

Dairymen who own one of the spotted breeds and who do not wish to eartag or tattoo may sketch the color markings of the calves. You can buy sheets with the outline of a calf to make this type of identification easy.

Remember that a calf is not identified until the number on the ear tag or tattoo number is recorded along with the date of birth, sire and dam's identification in a permanent place. Dairymen who spend a few moments to identify and record their calves at birth pick their herd replacements with their eyes open.

ABOUT THE IMPORTANCE OF FINE GROUND LIMESTONE

The finer the limestone is ground, the faster and more completely it neutralizes soil. This stimulates soil bacteria and makes nitrogen, phosphorus, and other plant nutrients more available.

For healthier plants and greater yields we recommend use of 200 to 400 pounds per acre of our Columbia Pulverized Limestone on your soybeans, corn, and other row crops.

Columbia Quarry offers its Pulverized 200 Mesh Limestone packed in bags or in bulk. Get more bushels from less acres in this year's crop.

Asphyxiated in One-Room Shack

Tragedy Wipes Out 6 in Family

ARLINGTON, Minn. — A tragedy which wiped out six members of a Mexican-American family has left a deep impact on the townfolk here.

"What a fine family, what nice people," was the oft repeated comment of neighbors who had only known the Joe Garcia family since their arrival about a month ago.

Garcia, a hard-working truck driver who had been on the road for the Big Stone Canning Co., returned to his home Friday and found his wife and five children asphyxiated in their one-room shack.

His family apparently had been wiped out 18 hours earlier when a two-burner gas plate, the only heating apparatus in the 10-by-15-foot shack, consumed the oxygen while they were sleeping.

Sibley County Coroner Dr. A. T. Dysterheft said the small temporary home was "certainly not suitable" for the temperature drop

to 20 degrees which occurred Thursday night. The home was one of a series maintained by the canning company for its migratory workers.

Garcia's wife, Rita, 32, daughters Adelina, 12, Rosendo, 6, Sylvia, 6, and sons George, 11, Joe, 1, died peacefully, authorities said. The tragedy was discovered on the eve of what would have been the Garcia's departure. The canning company, for which Garcia had worked for the past 10 summers, closed Friday.

The Garcias would probably have left this weekend for their home in Crystal City, Texas.

THREE BROTHERS NOW ON ACTIVE DUTY IN THE U. S. NAVY

Calvin Lee Sinks, Eldorado, enlisted in the U. S. Navy on Oct. 15 and is now stationed at Great Lakes, Ill. He is the third in his family to enlist and all three brothers are on active duty with the Navy.

Sinks has served with both the Army and Air Force and last served with the Strategic Air Command in the Air Force. His brother John is now serving aboard the U. S. S. Baer in the Pacific with the rating of machinist mate second class. Another brother, Fred Sinks, is serving aboard the U. S. S. Osborne.

All three brothers enlisted into the Navy at the Navy Recruiting office at the Post office in Marion. As far as it is known the three brothers are the only family group of three in the middle west serving in the same service and on active duty at the same time.

Pvt. Donald R. Shingler, son of Mr. and Mrs. Charles H. Shingler, 17 South Mill street, Harrisburg, recently was graduated from the basic Army administration course at Fort Leonard Wood, Mo. Six Killed in Two-Car Collision

REDLANDS, Calif. (AP) — Six persons were killed in a two-car collision here Friday, and the victims included four members of a Chicago family.

The dead were identified as Edward G. Braun, 30; his wife, Sarah; their two young children, Michael and David, who came here a short time ago to make their home, and Louis Beaupre, 72, and Thomas Jefferson Lotspeich, both of Los Angeles. Lotspeich's wife, Marianne, was seriously injured.

Braun, a veteran of World War I, had been discharged from the Marines in Chicago two weeks ago. He had been on recruiting duty.

Eisenhower May Attend Summit Parley

(Continued From Page One)
end of their talks did not spell out specific steps to unification. It was disclosed later, however, that Secretary of State John Foster Dulles has had a group working in secret for two months on the problems of mutual assistance in the nuclear-missile-space age.

Officials said if an acceptable plan could be developed for the 15 North Atlantic Treaty Organization nations, then it might become a pattern for cooperation among all the world's nearly 50 free countries.

An invitation for Eisenhower to attend a summit conference with NATO leaders Dec. 16-17 in Paris came as a complete surprise. It was made informally by NATO Secretary-General Paul-Henri Spaak, who sat in with Eisenhower and Macmillan at the White House Friday for 30 minutes.

Caught off guard, the President and Macmillan agreed the parley might be a good idea. But they reserved a final commitment pending a formal invitation from the NATO council.

However, it seemed unlikely the President would refuse in view of the strong emphasis placed by the Macmillan-Eisenhower communique for doing something now to meet Russia's "totalitarian menace."

In their communique, the President and Prime Minister agreed that at the NATO meeting there should be attempted an "enlarged Atlantic effort in scientific research and development."

The President agreed to ask Congress to relax the bars against interchange of atomic information in order to allow American and other free world scientists "close and fruitful collaboration."

Ferrell Rites Sunday at 2 p. m.

The funeral of Mrs. Matilda Ferrell, 76, who died Thursday, will be held in the Dorrisville Baptist church at 2 p. m. Sunday. Rev. Wm. Fuson, assisted by Rev. Clarence Smith, will officiate and burial will be in the Liberty cemetery. The body will lie in state at the Gaskins funeral home in Harrisburg until time for the funeral.

Named for Him

Rabbit Ear Mountain, northeastern New Mexico, was named after a Cheyenne Indian chief, called Rabbit Ears, because his ears had been frozen during a particularly severe winter in the 19th century. The chief was killed in battle and is buried on the mountain.

IN THE SERVICE

Kenneth Dale Hicks, airman guided missileman, USN, son of Mr. and Mrs. Earl R. Hicks of 11 South Marshall, Harrisburg, and the husband of the former Miss Margaret Hipes of 17 West O'Gara, Harrisburg, is now serving with Attack Squadron 63, temporarily based at Naval Air Station, Alameda, Calif. Hicks, who entered the Naval Service July 2, 1956, reported aboard from Naval Air Technical Training Center, Memphis, Tenn., in October, 1957.

Donald L. Yarber, seaman, USN, son of Mr. and Mrs. James L. Yarber of 1008 South Land street, Harrisburg, returned to Long Beach, Calif., Oct. 19, aboard the heavy cruiser USS Helena after a six-month tour of duty in the Far East. While in the Pacific, the Helena was flagship for the commander of the U. S. Seventh Fleet. During the cruise the Helena's crew visited Kobe, Yokohama, Sasebo, Yokosuka and Iwakuni, Japan; Formosa; Okinawa; Guam and Hong Kong.

Three Scott Base Airmen Killed in Auto-Truck Crash

RANDALL, Iowa (AP) — Three airmen from the Scott Air Force Base at Belleville, Ill., were killed and a fourth injured Friday night when their car rammed into the side of an empty car transport truck on U. S. 69.

Killed were Duane M. Duncan, 23, Spencer, Iowa; James Higgins, 19, Corydon, Pa.; and Richard D. Moxley, 27, Boonville, N. C.

Ray Young, 27, Belleville, Ont., was hospitalized at Ames in "very serious" condition. The top of the car was almost sheared off in the collision. The truck was knocked off the highway. The truck driver, Clayton Doty, 41, Tecumseh, Mich., was not hurt.

7 from County Practice Teaching In Public Schools

A total of 105 students at Southern Illinois University, including seven from Saline county, are practicing teaching in public schools during the fall quarter, according to Dr. Charles D. Neal, director of teacher training.

Most of the future teachers are conducting classes at University School, Southern Illinois laboratory school, but some of the students are receiving their teacher training off campus. Part-time teaching is one of the final steps for students seeking SIU bachelor of education degrees.

Three Harrisburg students are participating in the teacher training: Sam DeNeal, RFD 3, is teaching at Brush school, Carbondale; Letitia Skaggs, 200 North Webster, and Carolyn Wilson, 1027 South Webster, both are teaching at Horace Mann school, Harrisburg.

Other Saline county teachers in training are: Jo Ann Henson of Carrier Mills, teaching on campus at Carbondale;

Joan Bramlett and Martha L. Carter, both of Eldorado, teaching on the SIU campus;

Ernest Mings, Raleigh, teaching in the Harrisburg Junior High school.

Army to Transfer SIU Math Genius To Chemical Center

WASHINGTON (AP) — The Army has decided to make better use of a young "mathematical genius" who has been assigned as a clerk typist at Ft. Lee, Va.

It said that Pvt. Ernest E. Shult, 24, Fairfield, Ill., would be transferred to the Army chemical center at Edgewood, Md.

In civilian life, Shult was an assistant to Dr. Karl Lindgren, director of the biological research laboratory at Southern Illinois University.

Lindgren complained Tuesday that Shult had been assigned as a clerk when he was drafted April 16. He said this was a misuse of his talents.

Lindgren described Shult as "the outstanding mathematical genius I have encountered in 30 years of scientific research."

The Army explained that Shult had no college degree. Nothing in his record indicated his special training. It said "prompt action" was being taken to reassign Shult to the chemical center "where his talents can be more effectively utilized."

Sputnik Signal Back on Air

WASHINGTON (AP) — Sputnik came back on the air today after a night of radio silence.

At Cambridge, Mass., Andrew Ledwith of the Smithsonian Astrophysical Observatory said the Soviet Satellite's signal "came thru nicely this morning."

The satellite had made its rounds Friday night in silence, prompting speculation that its batteries were dying long before Sputnik's expected death in early December.

But its signal came through fine this morning, its battery power apparently regenerated.

RCA said the signals were picked up on 20 megacycles, one of the two radio frequencies Sputnik has

Says Closing Schools May Spread Flu

SPRINGFIELD (AP) — The closing of schools hard hit by Asian flu may be worse from a medical point of view than keeping them in operation, the State Health Department said today.

Health Director Dr. Roland R. Cross said the freeing of pupils from classes to congregate at theaters and drug stores possibly could cause more rapid spread of the disease than keeping them in schools.

YOUR CONGRESSMAN REPORTS

The gavel has recently fallen signalling the end of the first session of the 85th Congress in Washington, D. C. You have honored me by electing me as your Representative in Congress, and since the day I took office I have tried to keep you informed of my efforts and progress in your behalf. That is the purpose of this report.

SOUTHERN ILLINOIS IS DEFINITELY MAKING PROGRESS. With construction of the new Federal highway through Southern Illinois to begin soon, our continued success in getting new industries, increased activities in flood control, navigation, water resources development, increased coal markets, expanded recreation trade and improved farm programs, we can and will make Southern Illinois a better place in which to live and work. Certain sections of Southern Illinois are progressing faster than others; however, I am confident that with the continued cooperation of the Chambers of Commerce, Mayors and city governments, Southern Illinois Incorporated, Southern Illinois University, newspapers, civic and religious groups, and citizens in general, we will continue our upward climb.

This has been a busy and arduous session for me in fighting for those things I believe are designed to help raise the social and economic well-being of all the people of Southern Illinois. It has been a great privilege and a high honor for me to be able to stand up and speak out in your behalf. It has also been a great privilege to answer your many requests for assistance regarding your varied and complex problems.

Since my election there has been maintained for the first time in the history of Southern Illinois, a **FULL TIME DISTRICT OFFICE** at West Frankfort where hundreds of people come with their problems. We are able to give them prompt, efficient service.

I was particularly delighted with the number of Southern Illinois visitors who came to Washington this year. Over nine hundred Southern Illinois people paid us a personal visit and watched Congress in action. In addition to scores of individuals, I was privileged to have five high school groups and leaders and members of Boy Scout troops from Southern Illinois. I hope more people will come to the Nation's Capital and see first-hand how our Government operates. We welcome you and will look forward to your calling at our office located in Room 220, House Office Building, next to the Capitol.

Each year I have taken this means at my personal expense to inform you of my work as your Congressman. Since I reported last year regarding my activities in the 84th Congress, the following report will include **ONLY EIGHT MONTHS** of this year. I, of course, will not be able to cover all of the activities of my office in this report; however, I would like to list some of the more important items in order that you, the people of Southern Illinois, will know of the progress being made in your behalf:

BUDGET CUTS

1. Helped reduce the Federal Budget by over 5 billion dollars. Supported cuts of those items proposed but not necessary. At the same time, fought against attempts to cut programs needed such as funds for medical research in the fields of heart disease, cancer and other similar type programs. It is my hope that with the savings made this year by the Democratic controlled Congress, a tax reduction can be allowed next year. I strongly urged the Chairman of the House Ways and Means Committee to hold public hearings in order to determine the feasibility of a tax reduction. Such a request has been granted and public hearings will begin in Washington on January 7, 1958. Relief from our present burdensome taxes can be achieved by two methods: (1) reducing governmental expenditures through eliminating all non-essential and wasteful outlays; and (2) spreading the burden of taxes equitably and fairly among the various groups of the tax-paying public. The above is contingent upon a new look at our defense spending since the announced Earth satellite launching by Russia.

GRASS ROOTED LEGISLATION

1. Actively supported the Housing Act of 1957. The bill should help bolster a "weak-kneed" Housing Program by (a) lowering down payments of FHA insured loans; and (b) increasing the borrowing authority of the Federal National Mortgage Association; and (c) increasing money for slum clearance and urban renewal. Also authorizes an additional amount for college housing loans.

2. Supported all bills designed to give the United States more defense for less money. Spoke for measures designed to eliminate duplication and waste.

3. Actively supported and voted for a bill to extend the Agricultural Trade Development and Assistance Act. This bill gives us authority to dispose of surplus farm commodities in order to help raise farm income.

4. Actively supported bill to continue the Small Business Administration. This legislation will give many Southern Illinois people the opportunity to use the facilities of the Small Business Administration for loans, government contract assistance, information on how to promote small business and other useful services that should help provide more jobs through expanded Small Business.

5. Actively supported and voted for pay raise for all postal employees and other government workers. This legislation is badly needed to help compensate for added cost of living due to inflation; however, the legislation was vetoed by the President. We hope to have favorable action taken next session.

6. Actively supported and voted for increased annuity for retired Civil Service employees. Many retired people are having a difficult time living on low pensions they are receiving. This bill cleared the House Committee and is awaiting Floor action.

7. Supported feed wheat bill for farmers. This allows farmers to produce up to 30 acres of wheat for feed purposes.

8. Supported bill making poultry inspection compulsory. This measure will insure the consumers of poultry products receiving the finest poultry available.

9. Requested consideration of bills before the House Ways and Means Committee that would allow liberalization of Social Security benefits. I believe the retirement age for Social Security should be lowered to age 60 for both men and women. Hearings may be held next session.

10. Actively supported bill liberalizing GI loans. This legislation is badly needed in order that many veterans will be permitted to buy homes through low down payments and more liberalized terms. Bill passed; however, was vetoed by the President. I am disturbed by the Administration's interest rates and tight-money policies. Many veterans and other home buyers will be paying more interest this year due to increased rates. I am hopeful that interest rates can be lowered instead of raised.

11. Supported and voted for authorization granting disaster loans to farmers. Many Southern Illinois farms were inundated by flood waters with thousands of dollars in crop damage. I urged that all 15 counties in my congressional district be designated as an emergency loan area. The request was granted, which allows farmers to make loans at 3% interest.

12. Status-of-Forces Agreements. Introduced Resolution to modify provisions of the Status-of-Forces Agreements which now surrender our servicemen to the criminal jurisdiction of foreign nations. This Resolution would prevent such international incidents as the William Girard case. It is my feeling that when a boy dons the American uniform to help defend his Government and the American way of life, the least we can do is to see that he is given the rights afforded him under the Constitution.

VETERANS

1. Handled scores of cases with the Veterans Administration for Southern Illinois veterans and their dependents. Was able to get approval of several hundred claims for both service and non-service connected disability veterans. Assisted hundreds of Southern Illinois veterans in getting approval of GI loans with which to purchase homes.

2. Actively supported and voted for a bill to provide 10 percent increase in payments to disabled veterans with service-connected disability, and to increase dependency allowances. The bill provides for a 24 percent increase for service-connected totally disabled veterans. The increases became effective October 1st. I am hopeful that Congress can pass legislation increasing the amount of pensions allowed to non-service connected, totally disabled veterans. Many are having a difficult time living on their low income, particularly veterans of World War I. I am also for liberalizing eligibility requirements for those veterans who are not able to work.

3. Actively supported legislation to grant World War I veterans a Congressional Charter. I was able to get public hearings on my bill and received favorable action by the House Committee on the Judiciary. The bill is now awaiting House Floor action.

4. Actively supported and voted for bill to allow disabled veterans to draw service-connected disability compensation and the full amount due them from Social Security Benefits. This bill permits the veteran to draw both payments without deduction. Before this bill passed, one was deducted from the other.

5. Supported other veterans' benefits covered under heading of "Legislation."

6. Servicemen. Assisted hundreds of servicemen with their applications for hardship discharge, hardship transfer, all types of leave, pay allotment, dependency problems. I have been able to assist many servicemen overseas in their efforts to return home during the time of deaths in their families.

NEW BUILDINGS AND PROJECTS

I have been able to get some action on new Federal buildings and government-supported projects for Southern Illinois — badly needed for many years.

1. Architectural and engineering plans for the new \$1,100,000 Federal Building for Benton are due for completion this year. Advertisement for bids soon thereafter.

2. Plans almost completed for new Army at Marion. Beautiful building to house Army Reserve Units. Total cost including lot to be paid by Federal government.

3. Helped secure \$1,500,000 Air Force contract for new industry at Chester, which will eventually provide more than 100 jobs.

4. Secured NIKE Guided Missile Base near Red Bud, Illinois. Will cost more than one and one-half million dollars, and in addition to providing air defense will provide great economic benefits to the area.

5. Secured tentative approval of Post Office Department for a new post office at Sparta.

6. Obtained another \$1,300,000 this session of Congress for the completion of Devil's Kitchen Dam and Lake area. This makes a total of \$3,300,000 to date, which is the full amount needed for the overall project. In addition to the dam construction which is now in progress, two more contracts will be awarded next Spring including a complete network of access roads, a public beach, boat dock, added recreational facilities, picnic areas, and the leasing of private cabin sites. When finished, the Devil's Kitchen Lake area should be an added inducement for industry; will bring thousands of additional tourists into Southern Illinois; insure an adequate water supply and promote general trade in Southern Illinois by increased activity. In addition to other advantages, jobs for some of our unemployed will be provided.

7. Mound City Cemetery. Urged Army to expand Mound City National Cemetery. Army now making survey to determine feasibility of expansion.

8. Urged preservation of Historic Sites at Cairo. Working in conjunction with the City of Cairo, Cairo Historical Association, Southern Illinois University, and Mr. Hillary A. Tolson, Director of National Park Service, U. S. Department of the Interior, I have strongly urged Cairo Point as a possible site for a National Park; however, it appears that the best chance of establishing a park at the Point is through the State. I have been promised a survey of historic sites in Cairo by the National Park Service in order to determine their national significance with a view toward Federal restoration.

9. Federal Penitentiary. Fought diligently to have the Federal Penitentiary located in Southern Illinois. Congress failed to authorize funds due to the economy drive. We have an excellent chance of obtaining this project for my District if the 9½ million dollar project is built anywhere.

10. School districts in nine area counties received \$23,789.90 Federal money. This amount represents 25 percent of cash receipts of the Shawnee National Forest during the last fiscal year and is apportioned to the counties according to the amount of National Forest land within them. The money must be used for schools and roads, which will come from the sale of timber and miscellaneous uses.

WELFARE ASSISTANCE

1. Sponsored legislation amending the Social Security Act. Will provide more Federal funds for medical care to public assistance recipients, including the aged, blind, and the Dependent Children Program. Bill passed and is now Public Law 85-110. Received written commendation from the Illinois Public Aid Commission for my efforts in behalf of this legislation to help the needy.

2. Handled several hundred letters and personal requests for aid from the needy, blind, and recipients of Aid to Dependent Children. Although the above-mentioned programs are administered by the State and are not under my jurisdiction, I was happy to give advice and refer the requests to the proper authorities.

3. Assisted scores of Southern Illinois people with their Social Security problems. Last year Congress lowered retirement age for totally disabled people to age 50 which brought on an influx of applications.

FLOOD CONTROL AND RELATED PROJECTS

1. Strongly urged U. S. Army Corps of Engineers to expedite preliminary report on proposed canalization of Big Muddy River and Beaucoup Creek. Obtained \$75,000 last year which is now available for a full-scale survey project provided the preliminary investigation report is favorable. Report expected no later than December.

KENNETH J. GRAY

2. Advocating strongly the construction of Rend Lake. Waiting for the canalization of Big Muddy report to determine what part the Federal government can play in this project.

3. Secured passage through House Committee on Public Works \$5,900,000 flood control project on the Saline River and tributaries. Successful in cutting local cash contribution by 75 percent. House Floor action expected early in next session. Also supported move to canalize part of Saline River for navigation purposes.

4. Supported Kincaid Creek project. Waiting on Army Engineer report for canalization in an effort to tie projects together.

5. Secured additional appropriations for levee work on the Mississippi River. I recently reported that Union County received the 36th contract for work in the 25th District since I took office on January 3, 1955. Total amount since that date now exceeds three million dollars.

FLUORSPAR

Led fight in House to obtain \$4,200,000 this year to purchase fluorspar for the Government's strategic minerals stockpiling program. These funds will help insure continued operation of the fluorspar mines in Southern Illinois.

COAL

Urged adoption of legislation setting up a commission to study ways of finding new uses for coal. House Resolution 948, 85th Congress, was adopted authorizing a special subcommittee on coal research. Publicly commended by UMW of A for my vote on legislation beneficial to coal miners.

ACADEMIES

Privileged to appoint several young men from Southern Illinois to our West Point, Annapolis, and Air Force Academies. These young men are now serving with great distinction and honor to Southern Illinois.

OFFICE

Gave prompt and efficient service to hundreds of people who contacted us personally in our West Frankfort and Washington, D. C., offices. In addition, we receive an average of 200 letters per day wanting assistance with all types of matters such as civic groups proposing various projects; income tax matters; veterans' claims; passports and visas; Social Security; job seekers; legislation; loans for municipalities; FHA loans; Small Business loans; Railroad Retirement problems; patent applications; duplicate birth records; Surplus Property requests; Government information; publications ranging from farmers' bulletins to documents requested by libraries and schools; and other requests too numerous to mention.

HIGHWAYS

Construction of the new interstate superhighway through Southern Illinois is about to begin. A network of new roads to be built throughout the United States will allow motorists to drive from one part of the Nation to another safely and quickly. The new turnpike through Southern Illinois will be of tremendous economic benefit. I was privileged to help write this great highway bill as a Member of the House Committee on Public Works, and intend to see that Illinois is given its fair share of Federal highway money.

COMMITTEES

I was fortunate in being assigned to the full House Committee on Public Works, the subcommittees on Rivers and Harbors and Flood Control because I have been in a position to guide much needed public works projects into Southern Illinois because of membership on these committees. Several important projects planned for the future such as the canalization of Big Muddy and others will eventually be presented to these important committees. I plan to use the experience and prestige gained by serving on these committees to the best interest of Southern Illinois.

I hope this record meets with your approval; however, **THE JOB IS NOT FINISHED.** By working together we can continue to progress.

Please feel free to write or call upon me either at my West Frankfort or Washington, D. C., office. I want to personally meet as many constituents as possible, although doing so is difficult, it nevertheless is important work. I consider it a Congressman's duty to courteously interpret the activities of the Federal government to the individual citizen. The citizen is the root of all governmental authority, and he has the right to know the reasons behind the law or administrative act. He also has the right to express his opinions on public or private business to his elected Representatives. The individual citizen's sound and constructive ideas may well be the basis for writing new laws or rewriting the old. I also need your opinions on legislation. Please write.

In closing, I wish to assure every citizen, Mayors and city officials, Chambers of Commerce, Southern Illinois Incorporated, Southern Illinois University, Industrial councils, newspapers, labor, civic and religious organizations, of my wholehearted cooperation and continued desire to work together for the interest of Southern Illinois and its people. The welcome mat is always at my door. My Congressional office is YOUR office, regardless of political affiliation. By working together we can see a bright star shining over Southern Illinois.

Sincerely, Y

KENNETH J. GRAY

Your Friend and U. S. Congressman

ATTEND CHURCH SUNDAY

WHAT'S
WRONG
HERE?

A charming picture of
a lovely little girl reaching
for a Bible. What could pos-
sibly be wrong with that?

Here's what!

1. The Bible is on the bottom shelf,
hard to get at, which means the family
doesn't use it frequently.

2. The Bible she's reaching for is writ-
ten in grown-up language, too hard for
her to understand all by herself.

3. The little girl is alone—and she
needs help!

Why should the Bible be on the bottom
shelf, and why should this little girl have
to seek its truth by herself?

The Church stands ready to help your
child—and you! It will help you to under-
stand the Bible and its timeless message
of God's undiscourable love for you,
your children and all mankind.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

'The Problem of Christian Freedom'

I Corinthians 8

GOLDEN TEXT: "There hath no temptation taken you but such as is common to man; but God is faithful, who will not suffer you to be tempted above that ye are able, but will with the temptation also make a way of escape, that ye may be able to bear it." (I Cor. 10:13)

INTRODUCTION — What is freedom? Freedom is a word easily spelled but difficult to define. Mike hit Pat in the nose, because, said he: "This is a free country!" Pat said: "Yes, but your freedom ends where my nose begins," and he proceeded to tear into Mike.

My freedom does not grant me the privilege of disobeying the laws of our city, state and nation. My freedom does not grant me the right to 'take that which belongs to another. In other words, there is a limit even to freedom.

As a Christian I am limited in some things I can do. There are certain attitudes which a Christian possesses which gives him a different outlook on life.

I LOVE AND KNOWLEDGE (V. 1-3)

A problem had arisen in I Corinth. Let us remember that Athens and Corinth were the cultural centers of the world of that day. There, in Greece, was found the seat of knowledge and higher learning of the world. Great universities and libraries and art galleries were located in Greece.

Some of those people had become "puffed up" because of their knowledge. They could not solve their problems as long as they looked 'own upon others who had less knowledge. Paul tells them (and us) that LOVE is superior to knowledge.

II ONE'S FREEDOM IS LIMITED (V. 4-11)

Not long ago I stood before the market place in Corinth where the Apostle Paul faced the problem presented in this lesson. This problem concerned the eating of meat which had been offered in

the heathen temple on altars before idols.

Now, the older Christians (the more informed ones) felt that it was alright to eat this meat. It was meat that had been brought from the heathen temple to the market place and put on sale. The better informed Christians could see no harm in buying and serving it to their families.

However, the new converts could not see it that way. To them it seemed the unholy thing to do. The eating of the meat which had been offered to heathen idols was a stumbling block to them.

The Christian attitude is: "I will not hurt my brother. If there is anything I am doing which is a stumbling block in another's way, I will stop doing that thing." Paul said: "If eating meat makes my brother Christian to offend (stumble), I will eat no meat as long as this world stands."

CONCLUSION (V. 12-13). We should always consider our influence upon others. Influence is powerful. Recently a young person said to me: "My life has been ruined because of the evil influence of another. In turn, I have used evil influences upon some of my friends. Now they are doing wrong."

The Christian should always consider the feelings of others. If there is any doubt in your heart about whether or not it is wrong for you to do a certain thing, it is wrong. It is the Holy Spirit making you sensitive to that which is wrong. Why not be a real Christian, and say with Paul: "Surely, I would not want my superior knowledge to bring spiritual disaster to a weaker brother for whom Christ died. And when you sin like this and damage the weak consciences of your brethren, you really sin against Christ. This makes me determined that, if there is any possibility of meat injuring my brother, I will have none of it as long as I live, for fear I might do him harm." (LETTERS TO YOUNG CHURCHES by J. B. Phillips.)

Leamington

Mr. and Mrs. E. S. Vinyard, Karber's Ridge, were Wednesday dinner guests of Mr. and Mrs. A. A. Thacker.

Rev. and Mrs. Clifford Potter, Mrs. Lola Bentley, Mr. and Mrs. Jesse Colbert, Mrs. Essie Green, Mr. and Mrs. Don Flanders, Alonzo Elliott, Joe Elliott, Mrs. Ted Steele and Mr. and Mrs. Joe Lackey attended the funeral of Edward Vinyard Wednesday.

Mr. and Mrs. Hershell Blake and children, St. Louis, came for the Vinyard funeral and visited Mr. and Mrs. Alonzo Elliott. Mrs. Elliott is ill, but reported to be improving.

Mrs. A. A. Thacker, still unable to walk, due to injuries suffered in an automobile last June, has received more than 500 cards from friends. She expresses gratitude for these messages of encouragement. The following were guests of Mr. and Mrs. Thacker on Sunday: Mr. and Mrs. Joe Lackey and children, Mr. and Mrs. Jesse Colbert, Mr. and Mrs. Mora Moore, Mr. and Mrs. Sam Mer-shimer, Mrs. Millie Benham, Mrs.

Augusta Fuhr, Mrs. Ted Steele, Mrs. Mary Vinyard, Mrs. Margaret Banks, Mrs. Nathaniel Oxford, Karbers Ridge, Mr. and Mrs. Jim Kannady, Ridgway, Mrs. Effie Rich, Shawneetown, and Miss Mary Oliver, Edwardsville.

Mrs. Carolina Moore was taken to a hospital Saturday. She is making her home with Mr. and Mrs. Mora Moore for the winter. Mr. and Mrs. Ralph Colbert made a business trip to Paducah, Ky., recently.

Fascism was started by Benito Mussolini in March, 1919, according to the Encyclopedia Britannica.

Rainbow Rexall Monthly News

A message from Robert Keltner, "Your Pharmacist"

HOW ARE YOU GOING TO LIVE YOUR LONGER LIFE?

HOW MUCH ARE YOU going to enjoy those extra years that medical research, new miracle drugs and vitamins are adding to your life?

THERE ARE NOW more than five times as many people 65 years or older than there were in 1900. Reliable estimates indicate that ten years from now we will have twice as many as today.

OLDER FOLKS HAVE special health-care problems. Therefore, we are continuously studying how we, as pharmacists, can co-operate with your physician to make certain your longer life will be a healthier one.

THERE ARE MANY IMPORTANT medicines and geriatric vitamins that can add years to your life if properly taken. We are keeping informed about all new progress so that we will always have them in stock.

YOU MAY LOOK FORWARD TO YOUR LONGER LIFE with pleasant anticipation. Your physician has the knowledge to advise you how to keep well and we are able to supply any medicine or vitamin you may need.

Bull Dogs Win Homecoming Tilt, 7-0

YESTERDAY'S HTHS HOMECOMING PARADE was headed by the band and this photo shows the head of the parade, which had just circled the square, turning off Main street west onto

Eddie Price Smashes Over from Six-Yard Line Late In Third Quarter

Fullback Eddie Price smashed over from the six-yard line with 53 seconds remaining in the third quarter as the Harrisburg Bull Dogs beat Carbondale, 7 to 0, in a cold Homecoming football game last night at Taylor Field.

The extra point was a place kick made by tackle Ronnie Maynard, who played his most aggressive game of the year against the Terriers.

The score does not indicate the superiority of the Bull Dogs over the Carbondale team. The Bull dogs, with practically no substituting, were moving and threatening all night and the Terriers never did get started, making only one first down and finishing up with a minus yardage in rushing. Quarterback Ray Hassett of Harrisburg mixed up T and single-wing plays as the locals gained yardage.

Players Ailing
Carbondale came to town with five regulars, including quarterback Jay Lovelace, ailing. Carbondale fans reported. Out for Harrisburg were Ira Logan, first string end and kicker, hurt last week, and Gary Aldridge, first string guard who also plays quarterback, who reported ill and was sent home.

The statistics tell the story of the game:
Harrisburg made 15 first downs, Carbondale one. Harrisburg made a net 229 yards rushing, Carbondale a net minus 32, gaining only 16 while losing 48. In passing Harrisburg, made none out of seven with three intercepted and Carbondale hit on one out of six for 39 yards with one intercepted.

So on total yardage from scrimmage Harrisburg had 229 and Carbondale seven.

Harrisburg was penalized 45 yards, Carbondale 15.

Yates Moved to End

Price, Mickie Stone and Darrel Duke were the big guns in the Harrisburg attack although big credit must be given an iron man line, which opened up holes and charged magnificently to keep the Terriers from moving at all. Price had a net 109 yards, Stone a net 90 and Duke a net 36. Reason their total is more than the Harrisburg net total from scrimmage is that there was yardage lost by other players who did not carry the ball much.

Coach Lawrence Caluffetti moved Bill Yates from halfback to end and used him and Don Pickford at ends, Ron Maynard and Jack Simpson at tackles, Bill Endsley and Darrel Biggs at guards and Allen Buchanan at center, all but Endsley playing the entire game and Endsley getting a little rest when Henry Winters relieved him.

In the backfield it was Ray Hassett at quarterback, Stone and Duke at halfbacks and Price at fullback on offense with Wendell Fisher backing the line on defense and Carl Fleming seeing some action.

In the first quarter Harrisburg ran up five straight first downs, moving from the H-11 all the way to the C-23, but the locals went no farther. In the second period the Bull Dogs had a first down on the C-14 but lost the ball on a fumble. They started moving again in the same period but lost the ball on an intercepted pass.

Play West Frankfort Next
Harrisburg again moved in the third quarter, taking the ball on the kickoff and going to the Carbondale 17, but a pass interception again took the ball away. A 50-yard run by Stone from the H-46 to the C-4 was the highlight of this threat.

Next time, however, Harrisburg scored.

Starting from the C-42, Price carried four times and Duke once as the ball went to the 6. There Eddie smashed over standing up for the tally and Maynard's extra point kick was good.

The only yardage made by the Terriers came on the first play of the fourth quarter when end Len Morris caught a forward pass and gained 39 yards, being out in the open and run down from behind.

Next week the Bull Dogs will be at home again, meeting the West Frankfort Red Birds in a South Seven conference game.

Herrin Thumps West Frankfort, 54-20; Mount Vernon Trips Benton, 20-0

By United Press
Champaign's long victory string covering three seasons came to an end Friday night when the Maroons were held to a 0-0 tie by Mattoon in a Big 12 Conference football game.
Champaign, which is seeking its second straight Big 12 championship, had won 20 games in a row, including a perfect 9-0 record last season and its first six games this year.
In the South Seven conference Herrin thumped West Frankfort, 54-20; Mount Vernon tripped Benton, 20-0, and Centralia beat Marion, 39-12.
In other southern Illinois games Harrisburg edged Carbondale, 7-0; Murphysboro walloped Chester, 37-0; Zeigler, which racked up 79 points last week, pounded Pinckneyville, 54-0; Fairfield beat Carmi, 34-19; Anna Jonesboro won

from Sparta, 20-12, and Salem dumped Olney, 33-6.
Chillicothe, another previously unbeaten club, also was held to a tie by Washington, 13-13.
Among the unbeaten teams adding new victories to their strings were Springfield Cathedral, Onarga and Gibson City.
Cathedral won its second straight city championship by dumping Springfield Feitshans 21-0.
Onarga's Indians racked up Forest 26-0.
Gibson City preserved its record of still being unscored on this season by rolling over Peoria Limestone 33-0.
Rock Island and East Moline fought to a 0-0 tie while Moline lost to Davenport, Iowa 7-0.
Charleston topped Casey 27-13 in the Eastern Illinois Conference race while Newton stopped Effingham 20-7.
In the Big Eight Conference, Aurora East and Aurora West deadlocked 19-19. Rockford East smashed Rockford West 39-0, Elgin stopped Joliet 19-0, and La Salle-Peru beat Freeport 14-0.
Chicago Heights Bloom turned

back Thornton 33-19, Kankakee beat Blue Island 7-0, and Ottawa stopped De Kalb 26-3.

East St. Louis and Collinsville battled to a 7-7 tie. East St. Louis Lincoln beat Assumption 28-6.

In other games, Quincy beat Decatur 38-7, Pana smashed Kincaid 42-7, and Shelbyville beat Taylorville 27-13.

Flu was the biggest single factor of the weekend football play. It caused postponements of at least 25 prep games in the state Friday night.

Johnny Busso Wins Decision Over Gale Kerwin

NEW YORK — Lightweight contender Johnny Busso, who beat a No. 2 substitute Friday night, will meet the "real article" in Italian Paolo Rosi at Madison Square Garden, Nov. 29.

Busso of New York, ninth-ranking contender, won a close but unanimous decision over Canadian-born Gale Kerwin of Valley Stream, N. Y., in their TV-radio 10-rounder at the Garden Friday night.

Kerwin, 22, substituted for Sonny Boy Williams of Washington, D. C., who was to have substituted for Rosi, the fifth-ranking contender. Both Williams and Rosi were kayoed by the flu.

Matchmaker Billy Brown said today, "I'll put Busso in with Rosi on Nov. 29. I'm pretty sure Rosi will be over the flu in time to train. We'll know for sure Tuesday."

The Eldorado-at-Cairo football game scheduled for Friday, Oct. 25, has been re-scheduled for 2 p. m., Monday, Nov. 11.

Colds and flu invaded both schools and had several gridders on the sick list.

Cairo's game with Poplar Bluff, originally listed for Friday, Nov. 8, has been reset for Wednesday, Nov. 6, to give the Cairo gridders a rest before clashing with Eldorado on Veterans' Day.

Bob Stewart, Shawneetown basketball captain during the 1956-57 season and lone junior regular on the great team of the season before, is attending the University of Texas this year.

Stewart, a fine guard with a swishing jump shot, is one of a very small number of out-of-state cagers working with the Texas freshman squad.

Had a letter from Dick Lehr, assistant football and head basketball coach at Fairfield high school. Dick says "if" Fairfield is in southern Illinois that I have been in correct in referring to Eldorado as the only unbeaten and untied team in southern Illinois.

I have wondered about that myself on occasions. Fairfield won its first six games, including victories over highly-regarded Mt. Vernon and Salem, but Fairfield always seems a little too far north to be considered in southern Illinois. However, it is usually said that Little Egypt or Southern Illinois is everything south of Centralia and that surely includes the home of the Mules.

Dick says Fairfield is playing fine ball and the town has gone "goggle-eyed". "We have enough banquets coming up already to last all winter and if we go ahead and win the conference no telling where it will end. The last conference title won by Fairfield in football

was in 1935 when Abe Martin was coach," Lehr states.

Lehr's statement "if" Fairfield is in southern Illinois, is a good one. Just where is southern Illinois?

Remember when I was in service on many occasions I identified my residence with the term, "in southern Illinois" and more than once was asked "Near Elgin?" Many people consider southern Illinois to be that part of the state not in the corporate limits of Chicago.

Midget conference schools open their basketball season Thursday, Oct. 31, with Muddy vs. Ridgway, Raleigh vs. Broughton and Dorrisville vs. Galatia.

There are two new coaches in the league—Bill McNew at Dorrisville and Clarence Barker at Broughton. Returning are Ben Brinkley at Muddy, Cecil Fulkerson at Raleigh, Menard Hawkins at Galatia and D. M. Marlin at Ridgway.

Brinkley states he has had difficulty getting officials, especially for afternoon games, and qualified officials wishing to call grade school basketball games are asked to call Mr. Brinkley at the Muddy school.

Grade school games should be especially appealing to young officials as the pay is pretty good and there is lots of experience to be gained.

Aaron Feted at Home

MOBILE, Ala. — Today will be "Hank Aaron Day" in Mobile. The Milwaukee Braves' star outfielder, who was given a brass band welcome when he returned to his home here Friday, will be guest of honor at a parade and testimonial dinner.

BIGGEST THRILL of the Harrisburg-Carbondale football game at Taylor Field last night came when Bull Dog halfback Mickie Stone raced 50 yards to the Carbondale four-yard line. The photo shows Stone being chased by Carbondale players Russ Willoughby (No. 15), Charles Hagler (No. 31) and Gary Imhoff (No. 21) and Harrisburg end Don Pickford (No. 51) moves in. The run was made down the west sidelines toward the north goal.

Abel Convicted As Soviet Spy

Faces Possible Death Penalty Under Federal Law

NEW YORK (AP) — Soviet spy master Col. Rudolf Ivanovich Abel was convicted Friday of conspiring to gather and send to Russia American atomic and military secrets.

Abel, 55, faces the death penalty under the federal law which resulted in the execution of American spies Julius and Ethel Rosenberg in 1953.

Federal Judge Mortimer W. Byers scheduled sentencing for Nov. 15. If he imposed the death penalty on Abel, the spindly, stoic Soviet secret police agent would be the first foreign national to die in peacetime for spying in the U. S. Abel's court-appointed counsel James B. Donovan, planned an appeal after sentencing. It was likely that the case would go to the Supreme Court.

Abel did not take the stand during his nine-day trial before a jury of nine men and three women nor did he offer any defense witnesses. His defense largely was an attack by Donovan on the key government witnesses offered by the prosecutor, Assistant U. S. Attorney William F. Tompkins.

Miss Joan Seright, 1956 Queen, Places Crown; Parade Winners are Announced

Harrisburg Township high school today had a new Queen and a football victory over Carbondale as a result of the 1957 Homecoming activities that ended late last night.

Taylor Field was like the inside of a refrigerator as the Bull Dogs beat Carbondale, 7 to 0.

Afterwards Miss Janet Tanner was crowned Homecoming Queen of 1957 in a beautiful ceremony during the Homecoming Ball in Bonnell gym.

Yesterday's events started with the parade in the afternoon and the winners were announced as follows:

High school division: Decorated cars—Hi Tri first, Future Homemakers of America second, Library club third. Floats—GAA first, Junior class second, Freshman class third.

Alumni division: Class of 1927 first.

Civic Groups division: Decorated cars—Fraternal Order of Eagles first. Floats—Beta Sigma Phi first, Jaycees second.

Halftime Activities
During the halftime program at Taylor Field the HTHS band first took over the entertainment, forming a big C and playing the Carbondale school song.

Then the band formed a huge heart and played "A Pretty Girl is Like a Melody" as the new Queen, her maids of honor and the class attendants were introduced. Maids of honor were Misses Linda Schwartz, Jane Davis and Doris Williams, seniors, and attendants were Betty Jenkins junior; Penny Wise, sophomore; and Linda Woodruff, freshman.

Church Women To Observe World Community Day

The church women of Harrisburg and adjacent communities will meet Friday, because they believe in the principles of "Food, Freedom and Dignity." They believe that these were worth fighting for in the past and they are worth praying for and giving for today.

World Community Day, sponsored by the United Church Women of this community, offers everyone an opportunity to give. Everyone is invited to take part in a national observance of World Community Day, Friday, in the First Presbyterian church.

Mrs. Paul Halbersleben will preside at the worship service. Church people will meet at this time to pray for peace and to bring their "Parcels for Peace" and gifts of money to defray the cost of shipping clothing from the world centers and to carry out self help programs for destitute peoples.

The parcels will contain blankets, household linens, warm clothing and lengths of denim to be made into work clothes by the mothers of families, for sons and husbands. These supplies, collected on World Community Day, will be sent to "forgotten" children and destitute men and women in the Near East, Pakistan, and Southeast Asia.

Church women believe that with these offerings, they are contributing to the uplift of the physical life, and that this in turn, will bring about an uplift of the spiritual life of the people helped. They believe, further, that by warring against poverty, ignorance and disease, the world can, in time, break down the barriers that bring about wars.

Women pray increasingly that a World Community Day will grow into a universal era of peace.

Mrs. Hattie Williams, 61, Former Resident of Mitchellville, Dies

Mrs. Hattie Williams, 61, former resident of the Mitchellville community, died in the Jewish hospital in St. Louis, Mo., at 5 p. m. Friday. The funeral and burial will be in St. Louis, Monday.

Mrs. Williams is survived by her son and his family, Mr. and Mrs. Jack Williams and grandson, Joey of Goodfellow Ave., St. Louis, Mo. with whom she made her home. She is also survived by her sister, Mrs. Hubert Dove, of the Raleigh road and her half-brother, Spencer Hill, of Harrisburg. She was preceded in death by six brothers and sisters.

Eisenhower May Attend Summit Parley in France

Will Push Plan For Alliance By Free World

U. S. and Britain Ask Consolidation Of Resources

WASHINGTON (AP) — Diplomatic sources said today that President Eisenhower will go to Paris in December to push his plan for a free world scientific alliance.

In Paris, U. S. Ambassador Amory Houghton said the President will fly to Paris for a North Atlantic Treaty Organization meeting Dec. 15.

Neither the White House nor the State Department would comment immediately.

But C. Burke Elbrick, assistant secretary of state for European affairs, scheduled a conference with French Ambassador Herve Alphand.

The Paris trip would be for the purpose of enlisting other countries at a NATO "summit" conference in the proposal, promulgated by the United States and Britain Friday, for consolidation of the free world's resources to counteract Russia's new missile menace.

Eisenhower himself conferred with George W. Perkins, retiring permanent U. S. representative to the NATO council.

Perkins told reporters afterward the President's reported trip was not discussed; that they talked about European problems generally and the work of his successor, W. Randolph Burgess, at NATO.

President Eisenhower, a chief architect of the fresh concept for world security, may try to enlist allied leaders in Europe behind the dramatic proposal at a "summit" meeting in Paris before Christmas.

Between now and then American and British officials will attempt to draft an "action plan" to make the super alliance a reality. They will work from broad principles laid down at the conclusion Friday of three days of urgent conferences between the President and British Prime Minister Harold Macmillan.

Methods Major Obstacle
But exactly how free nations could pool weapons, brainpower, and scientific know-how with safeguards against secrets falling into Soviet hands, loomed as a major obstacle to achievement of the alliance. The Eisenhower-Macmillan communique issued at the

Lodge Charges Soviet 'War Scare'

Accuses Kremlin of Meddling in Middle East; Congratulated by UN Diplomats

By United Press

An unconcerned Turkey prepared today for the general elections. Russia has said would precede an American-inspired attack on Syria. But Syria appeared to be suffering from a case of war jitters.

U. S. Ambassador Henry Cabot Lodge, in a gloves-off speech at the United Nations Friday, accused the Kremlin bosses of creating an "artificial" war scare along the Turkish-Syrian border.

Lodge minced no words in his indictment of Russia's meddling in the Middle East. The Soviet charges, he said, were designed to picture Moscow as the "savior of the Arabs" and eventually "reduce the Middle East to the status of the captive nations of eastern Europe."

U. S. Support Pledged
Lodge declared the United States will not be stopped "by threats or defamation" from the Soviet Union in "continuing to offer its understanding and support to those nations... threatened by the Soviet Union and whose independence the Soviet Union seeks to destroy."

"Let there be no question about our capacity to offer this support. We are strong and our allies are strong. The (U. N.) Charter is the most powerful grand alliance against aggression. It could well become the most powerful alliance the world has ever seen."

Western and some neutral nations diplomats congratulated Lodge on his forthright statement. He was given a rare round of applause from the delegates at the conclusion of his speech.

Russia Charges 'Prodding'
Soviet Foreign Minister Andrei Gromyko listened impassively throughout. He had charged the United States was "prodding" Tur-

key to attack Syria "immediately after" Sunday's general elections. He warned such aggression could touch off World War III.

United Press correspondent Russell Jones reported seeing no signs of any war preparations, defensive or offensive, during a tour of the Turkish frontier.

Du Quoin Youth Killed by Auto

PINCKNEYVILLE, Ill. (AP) — A Du Quoin Navy veteran has been found not guilty of the murder of his uncle at a beer party March 24.

A Perry County jury of seven women and five men deliberated one and one-half hours late Friday before returning the not guilty verdict for Billy Carson Bunton, 24, in the death of John Edgar Hunter, 32.

Bunton maintained that his pistol fired accidentally as he was taking it from a holster.

Infant Girl Suffocates in Crib

DECATUR, Ill. (AP) — An 18-month-old girl suffocated in her crib Friday when her 4-year-old brother started a fire in their home by playing with matches.

The victim was Maureen Shield, daughter of Mr. and Mrs. Thomas Shield. One of the matches was thrown on to a bed by the brother and the bed started to burn. Smoke from the blaze suffocated the girl. The children's mother had stepped across the street to see a neighbor.

Fleck Acquitted In Estate Scandal

CHICAGO (AP) — A jury acquitted former Cook County Public Administrator Charles J. Fleck of conspiracy charges Friday night in the \$50,000 estate scandal of Frank J. Rozanski.

The jury brought in the not guilty verdict 40 minutes after it retired to consider the evidence submitted during the three-week trial. Fleck was charged with conspiracy in connection with Mrs. Helen Compell's fraudulent claim to the estate of the Polish immigrant who died in 1954 without leaving a will. Mrs. Compell, 55, had come forward claiming to be Rozanski's daughter, a claim she later denied.

Fleck, Republican committeeman of the 45th Ward, submitted to cross-examination by Abbey Blattberg, assistant state's attorney. Blattberg's questioning emphasized alleged difficulties Fleck had in persuading Probate Court Judge James Montana to approve Mrs. Compell's claim.

Six more persons are to be tried in connection with Mrs. Compell's false claim.

CREAL SPRINGS NEWS

By H. L. MOTSINGER

MISS CAROLYN KELLEY BOB GROVES WED AT METHODIST CHURCH

Miss Carolyn J. Kelley, daughter of Mr. and Mrs. Lloyd Kelley, Creal Springs, became the bride of Bob Groves, on Oct. 18 at 8 p.m. in the Methodist church in Creal Springs.

Groves is the son of Mr. and Mrs. Claude Groves, Marion.

The Rev. Eugene Nolen, Creal Springs, Methodist church pastor performed the double ring ceremony in the presence of about 100 guests.

The bride was escorted down the white carpeted aisle by her father. Vows were exchanged between two candelabra with two baskets of white carnations and baby mums, with ferns in the back ground. The ushers pulled the white carpet down the aisle for the bride. Tapers in candelabra lighted the wedding scene.

Mrs. Helen Davis, Creal Springs, played the traditional wedding marches, while Mrs. Verna Lee Cosby, Creal Springs, played and sang: "Always," "O Promise Me," and "The Lord's Prayer."

For her wedding, the bride wore a white ballerina length gown covered with baby lace overnet. She carried a white bridal bouquet flushed with white carnations and baby mums. She wore two strands of pearls given by the groom as a gift.

Miss Rosemarie Kelley, sister of the bride, was the matron of honor. She wore a ballerina length gown of shrimp color, full skirted and styled with a cummerbund, and fitted bodice with a scalloped neckline.

Mrs. Louise Nicholson, New Burnside, another sister of the bride, was receptionist and kept the guest book. She wore a mint green ballerina length gown.

Raymond Groves, Marion, brother of the bridegroom was best man. Leon Kelley, Creal Springs, brother of the bride and Earl Robertson, Creal Springs, the bride's cousin were ushers.

Little Vicki Nicholson, New Burnside, niece of the bride, was the flower girl, and Butch Krump, Marion, nephew of the bridegroom, was the ring bearer.

A reception was given immediately following the ceremony in the recreation room of the church.

At the punch bowl and serving the three tiered wedding cake were Mrs. Maxine Shelby, Creal Springs, and Mrs. Dean Nicholson, New Burnside. Mrs. Claudia Krump, Marion, sister of the bride, was receiver of the gifts at the reception.

The newlyweds enjoyed a wedding trip Saturday, at Kentucky Lake, Ky., returning Sunday.

The bride is a 1953 graduate of Marion high school, and was formerly employed in Evansville, Ind.

The bridegroom is a graduate of Marion high school, and also S. I. U., Carbondale. He is coach and mathematics teacher in the Elkhartville high school.

The newlyweds are now at their home at 1030 South Division Street, Du Quoin.

Ed Duncan of Johnston City was visiting friends in Creal Springs Sunday.

Delos Motsinger was a visitor in Cairo, Sunday.

Radio "Hams"

No one knows definitely how the name "ham" originated for amateur radio operators. Some think it came from the Cockney habit of placing an "h" before initial vowels, thus "hamateur" eventually being shortened to "ham."

A MATTER OF LANGUAGE! "Home" is a happy word. "Mortgage" was once a less popular one—because lump-sum repayment was a condition difficult for many families to meet. The modern mortgage arrangement offered by American banks like ours permits gradual repayment, of principal and interest, in instalments. Today, more and more Americans are buying homes because "mortgage"—at least the kind our bank arranges—now means simply "a convenient, economical means of attaining ownership."

A. I. C. JAMES BEAVERS
WITH MOBILE X-RAY
UNIT IN GERMANY

A. I. C. James W. Beavers, son of Mr. and Mrs. Wallace Beavers, now has Weisbaden, Germany, as a headquarters camp, and is with a mobile x-ray unit that moves from base to base in Germany and France, usually spending two weeks at each base, as they x-ray personnel of the different bases.

Jim was privileged to spend the month of April in the vicinity of Paris, France. During the months of September and October, Jim has spent a weekend at Cheateauoux, France, Brussels, Belgium, and at Munich, Germany, where he attended the "1958 International Auto Show," and at Shieldoung, Germany.

This is Jim's second four-year en-

listment, and he has been overseas sixteen months of his three year overseas enlistment. He spent 3 1/2 years of his first enlistment at Travis, A. F. B. in California, and that is where his papers as a registered x-ray technician were made.

James D. Beasley, 24, whose wife, Nancy, and parents, Mr. and Mrs. Luther G. Beasley, live at 15 West Walnut street, Carrier Mills, is assigned to the U. S. Army Signal Depot in Saumur, France. Beasley, a mail clerk, entered the Army in January 1956 and arrived overseas the following October. He completed basic combat training at Fort Leonard Wood, Mo. Beasley is a 1951 graduate of Carrier Mills high school and a former employee of the Saxton Coal Corp.

Butcherbird

Common name of the shrike is butcherbird, coming from their habit of thrusting mice and smaller birds onto thorns or forked twigs, much as a butcher hangs meat on hooks. Shrikes then tear their prey to pieces and eat it.

SOCIAL EVENTS

BY PAT FLYNN

MR. AND MRS. EDD FLANNELL of Carrier Mills, celebrated their 46th wedding anniversary Sunday, Oct. 20, at the home of their daughter, Mrs. Henry Dewar, in Harrisburg. Present were their children with their wives and husbands and their grandchildren. Mr. Flannell also celebrated his 67th birthday. (Henry Dewar Photo)

Potluck Held By Past Matron's Club

The Past Matron's club of the O. E. S. met at the Masonic temple Thursday, Oct. 17, for their regular potluck dinner with Mrs. Mabel Channess and Mrs. Velma Dallas as hostesses.

Prayer was given by Mrs. Grace Henson, and a card was signed and sent to Mrs. Helen Capel, who is ill. A delicious dinner of fried chicken, hot biscuits and all of the trimmings were served. The evening was spent with games being played and everyone won a prize.

Those present were: five visitors, Mrs. Fannie Hill, Mrs. Ada Holloway, Mrs. Nora Dunn, Mrs. Muriel Dunn, and the worthy matron, Mrs. Aline Keel; the following members, Helen O'Keefe, Ethel Rann, Jane Puckett, Grace Henson, Myrtle Jones, Gazelle Henson, Oma Baker, Nola Monroe, Zadia Holmes, Muriel Thomas, Stella Vance, Marie Spears, Zephia Blackman, and the hostesses, Mrs. Mabel Channess and Mrs. Velma Dallas.

Dorcas Sunday School Class Meets At Church

The Dorcas Sunday school class of the First Methodist church met Monday, Oct. 21, at the church for its regular monthly meeting and a Halloween social. The hostesses were Mrs. Mary Venita Beggs and Mrs. Alice Wallace, although Mrs. Juanita Rodecker substituted for Mrs. Wallace, due to her absence of her husband being in the hospital.

The president, Mrs. Juanita Rodecker, presided during the business session, followed by Mrs. Blossom Stallions offering the opening prayer. Mrs. Essie Molsinger gave the devotion entitled "Prayers of the Bible," taken from various scriptures of the Bible, followed by an article from the "Together" magazine.

Several reports were given, and the results of the bake sale, which was held Friday, Oct. 13, were given. The birthday observed for the month of October was Wanda Fort. The closing prayer was given by Juanita Schwartz.

Wanda Fort and Freda Moake were in charge of recreation. Con tests were held and prizes were awarded to Muriel Thomas and Freda Moake. Prizes were also given to Maxine Davis who wore her grandmother's lodge dress, as the best dressed, and to Muriel Thomas, for concealing her identity the longest.

Refreshments were served to Cora Wiley, Wanda Fort, Muriel Thomas, Clara Edwards, Maxine Davis, Ada Holloway, Blossom Stallions, the teacher, Gerie Russell, Carolyn Wiley, Marie Wiley, Olive Davis, Freda Moake, Essie Molsinger, Juanita Rodecker, Juanita Schwartz, and Mary Venita Beggs.

The next meeting will be held Nov. 18 at the home of Muriel Thomas with Maxine Davis being the assistant hostess.

Mr. and Mrs. Wallace Beavers, and daughter, Beverly, attended open house at the Nazarene parsonage at Petersburg, Ind., Sunday. Mrs. Beavers' sister, Mrs. Ora Darnell is pastor of the Nazarene church at Petersburg, and had just completed redecorating the eight room parsonage.

Mr. and Mrs. Ray Oneal, Mrs. Gladys Pankey and Mrs. Ethel Beavers, shopped in Evansville, Indiana, Friday.

Shower Held For Sterling Cowgins

Mr. and Mrs. Sterling Cowgins were honored with a wedding shower Friday, Oct. 18, at the Odd Fellows hall, given by Mrs. Mildred Cowgins and Mrs. Fred Turner.

Games were enjoyed and prizes went to: Mrs. Addie Hancock, Mrs. Ted Duvall, Mrs. Lou Hines, Mrs. Vivian Mayhew, Mrs. Lorene Duna way, Mrs. Minnie Proffitt, Mrs. Betty Renshaw, Mrs. Velma Whit ing, and Miss Barbara Killman. More than a hundred attended or sent gifts.

Mrs. Della Wolfe and Mrs. Kenneth Hart have returned home after a visit with Mr. and Mrs. Walter R. Mord and daughter, Brenda Kay, of Harlem, Montana. Mrs. Ford is the daughter of Mrs. Wolfe and the sister of Mrs. Hart. This was the first time the sisters had seen each other in over ten years. While in Montana, they visited the Bear Paws Mountains, Missouri Canyon, and other points of interest. They also went over into Canada.

Those visiting Mr. and Mrs. Raymond Rodecker and family Tuesday night through Thursday morning were Mrs. Rodecker's mother, Mrs. Pearl White, her grandmother, Mrs. Lou Long, both of Swiss City, Ind., and her aunt, Mrs. Russell Smith of Toledo, Ohio. They had been visiting in Virginia with Mrs. Rodecker's sister.

STONEFORT SCHOOL NEWS

By CAROL Bainbridge

Miss Casey's pupils are busy getting ready for Halloween. They are making masks from papier mache, and some of them are quite interesting. Her pupils received their second D P T shots this week.

Mrs. Cox visited the seventh and eighth grade room Wednesday morning.

We had the pleasure of soaping the school windows this week, but we also had the job of cleaning them, which took all of the joy out of our soaping them.

Miss Fredericks, a music teacher from Eldorado, visited our school this week and talked to the children about lessons on string instruments and the accordion. Mrs. Fredricks has taught music here in previous years.

We are sorry to lose Robert Hill, an eighth grader. He and his parents are moving to Carrier Mills. Robert was one of the first five on our ball team and we are sure that the team will miss him, too.

Don't forget our homecoming next Tuesday night Oct. 29. We will be looking for you.

That's about all of the news I could dig up this week, since we had only three days of school. We were dismissed Thursday and Friday for a teachers' meeting.

Run by Fire Department

The Carrier Mills fire department made a run about 2 a.m. Thursday to the Marion Riches home at the north edge of town.

Cause of the blaze which was confined to the roof and attic was not known.

Dr. Grover Sloan Begins Practice In Carrier Mills

Dr. Grover C. Sloan began his practice in Carrier Mills, Monday, Oct. 21, at his office on Oak Street. Dr. Sloan attended Southern Illinois University for four years for his pre-med and graduated from the University of Illinois. He interned at the Illinois Central hospital for one year, and worked at Lightner hospital for approximately two months. He has just completed two years in the service.

He is married and has two children, Stephen and Bruce, and they make their home on East Washington street. He is formerly from Galatia.

Mrs. Sally Adams, his sister, of Galatia, is his receptionist. Office hours are 10:00-12:00; 1:00-5:00, and the office is closed on Wednesday afternoons. His telephone number at the office is PR9-2321, and his home number is PR9-4494.

Friday, Nov. 1, Carrier Mills travels to Brownsville.

Matter of FACT

Mention the name Abigail Smith to anyone today and chances are they've never heard of her. Yet, she was the first mistress of the White House and had the unique distinction of having been the wife of one president of the United States and the mother of another. In 1764, Miss Smith, the daughter of a New England clergyman, married John Adams. In 1767, she gave birth to John Quincy Adams and in 1800 she moved into the still incomplete White House for a short time at the end of her husband's term as president. She died in 1818, six years before her son was elected to the presidency.

Mr. Leo Sweet and Mr. Floyd Dallas went hunting Monday, Oct. 21, for the one day of hunting season. Mr. and Mrs. Sweet visited with Mr. and Mrs. Don Miller Sunday, Oct. 20.

HOMETOWNERS MEET

The Hometowners held their regular meeting at the home of Mary Arnold Thursday, Oct. 17. Two members, Nina Noonan and Judy Fife, were absent, and Mrs. Clarice Hutson visited.

Games were played and prizes were won by Mary Raymer, DeEtta Murphy, and the big prize went to Wilma Nolen.

Refreshments of deviled ham, stuffed celery, olives, pickles, pineapple upside-down cake and whipped cream, coffee, tea and soft drinks were served to: Ruth Miller, Guylene Alexander, Mary Raymer, Betty Yarber, Maxine Hamby, Clarice Hutson, Wilma Nolen, Mary Sweet and DeEtta Murphy.

The next meeting will be held at the home of Ruth Miller, but the date is not certain at this time.

16 Received Into Membership During First Baptist Revival

Sixteen were received into membership of the First Baptist church of Carrier Mills during the ten-day revival services, which closed Wednesday, it was stated today by Rev. Bertie M. Smith, pastor.

Six of the members are candidates for baptism and the other ten came into the church membership by letter.

Sunday, which was designated as "high goal day" in the Sunday school had 355 in attendance.

Bounce Back Week in College Football

By HARRY GRAYSON
NEA Sports Editor
NEW YORK — (NEA) — This very well could be Bounce Back Week in college football, especially in the Big Ten.

The handicapper scarcely can be charged with stabbing for long shots in picking Michigan State, Minnesota and Wisconsin against Illinois, Michigan and Ohio State, respectively, on Oct. 26. And this one goes a step or two farther by selecting Pittsburgh over Notre Dame, Arkansas to snap Mississippi's all-conquering string and Penn State to outscore Syracuse. Oregon State is a leadpipe cinch at Washington.

Several underdogs had their day on Oct. 19. The upset that rocked the country was Purdue's smashing 20-13 victory over supposedly invincible Michigan State.

The Boilermakers hadn't won in three previous outings, yet this one was not as inexplicable as it seemed at the sound of the final gun. The outcome doesn't necessarily mean that the Spartans are not still the finest college squad in the land. They were higher than a cat's back, actually over-eager for their natural and neighborhood rivalry with Michigan, the outfit they want to beat most. Their biggest objective realized, there simply had to be a letdown.

On the other hand, Purdue is always tough for Michigan State. And against three strong clubs, the Boilermakers demonstrated that they could stay on the field with any college array. They out-statisticked Minnesota while being edged, 21-17, for example.

IT HAS BEEN DEMONSTRATED through the years that coaches can't keep professionals, let alone college kids, at the same level of excellence week in and week out. Bud Wilkinson has done a splendid job of this at Oklahoma, but the old Minnesota quarterback and guard is the first to tell you that obliging oases in the Sooners' schedule make this possible. The Redshirts had time to rest, doctor their wounds and wrap their thoughts together.

Michigan State lost the ball to

Purdue five times on fumbles. This and the emotional factor and the up and down curve caught up with the Spartans.

The answer to the biggest so called college football upset is that some of the boys is left in even the superior player. He can become fatheaded and whatnot. Teams have their own idea of what they can accomplish. When a group gets it in their collective heads that they can beat another without an all out effort, the coach can shout his head off without firing his lads' imagination.

It frequently is impossible to get them to go overboard emotionally, and football, particularly the college variety, largely is a game of emotion. So, a team gets set back on its heels and stays there for the afternoon.

It's the human element that makes a college team a champ one week and a chump the next. That's good for football and one of the numerous things which make it the greatest of all games.

WITH THAT THOROUGHLY understood, here are the guesses for Oct. 26:

Michigan State 41, Illinois 13.
Minnesota 26, Michigan 20.
Wisconsin 23, Ohio State 20.
Pittsburgh 20, Notre Dame 16.
Arkansas 21, Mississippi 17.
Penn State 27, Syracuse 23.
Oregon State 34, Washington 6.
Miami 20, Kansas 7.
Mississippi State 20, Alabama 2.
Louisiana State 27, Florida 7.
South Carolina 21, Clemson 14.
Kentucky 21, Georgia 9.
Tennessee 14, Maryland 7.
Duke 27, North Carolina State 21.

Georgia Tech 26, Tulane 0.
Army 35, Virginia 6.
Oklahoma 42, Colorado 14.
Auburn 14, Houston 8.
Texas A. and M. 27, Baylor 6.
Rice 21, Texas 7.
Iowa 28, Northwestern 3.
Dartmouth 27, Harvard 0.
Navy 27, Pennsylvania 6.
Princeton 18, Cornell 9.

HTHS Freshmen Drop 33-13 Tilt To Herrin Frosh

Harrisburg freshmen dropped a 33-13 grid tilt to Herrin frosh at Taylor Field last night.

Harrisburg took a 7-0 lead the first quarter when quarterback Robinson ran through left tackle on a 30-yard jaunt to the goal line and John Utter, halfback, went through the line for the extra point.

Herrin's Williams scored early in the second period and the extra point was good to make the count 7-7 and Herrin scored twice more in this frame, Williams making another tally and Burlison one to give Herrin a 20-7 lead at half-time.

Williams scored his third touchdown in the third period to run the count to 27-7.

The margin was increased to 33-7 in the fourth period when Williams scored his fourth touchdown.

Harrisburg's final points came when Robinson passed to Abney for a touchdown.

Coach Gene Bland, with Harrisburg going on defense at the outset, started Henshaw, Utter, Starnes, Lamb, Klein, Upchurch, Patton, Summers, Carnett, Karnes and Robinson, with Wirth, Hicks, Abney, Hilliard and McKeever seeing lots of action, too. In the closing seconds all the players got in the game.

It was the final game of the year for the frosh.

Busso Favored To Beat Kerwin

NEW YORK (U)—Lightweight contender Johnny Busso is favored at 12-5 to beat Gale Kerwin, the second substitute, tonight at Madison Square Garden.

Canadian-born Kerwin of Valley Stream, N. Y., is substituting for Sonny Boy Williams, who was substituting for Italian Paolo Rosi. Both Rosi and Williams were bedded by the flu.

Busso of New York, 23, objected to Kerwin as a replacement because of his proficiency with the left hook. Johnny always had a weak defense against left hooks. However, no other capable substitute was available.

Accordingly, 22-year-old Kerwin will square off for his first Garden main event at 8 p.m. c.s.t.; and it will be televised and broadcast nationally by NBC.

Clemson Wins 13-0 Upset Over South Carolina

COLUMBIA, S. C. (U)—Sophomore quarterback Harvey White sparked Clemson in two swift thrusts Thursday to an upset victory over South Carolina, 13-0, before 44,023 fans who were dampened by pre-game showers but sat in sunshine at the end.

White, 200-pound son of the Greenwood County, S. C., sheriff, got the Tigers started toward the upset in the annual state fair classic between the two state-supported schools late in the second period after a South Carolina drive stalled at the Tiger 14.

White ran for 21 yards when he couldn't find a pass receiver, threw 28 yards to halfback Bill Mathis at the South Carolina 15, then found his other halfback Sonny Quesenberry, open at the six. Quesenberry stumbled into the end zone with little more than a minute left in the half.

The second drive, 72 yards in only four plays, featured a 60-yard White pass to end Whitie Jordan who caught the ball at the 23. Jordan fumbled the ball out of bounds as he raced toward the end zone.

Fullback Rudy Hayes then smashed over from the one and White converted.

The loss was the second straight to Clemson for youthful South Carolina coach Warren Giese, who has yet to see his team score on the arch-rival Tigers. Clemson won 7-0 last year and went on to the Orange Bowl.

It was the 32nd win for the Tigers since the ancient series began in 1896. South Carolina has won 20.

The annual classic, known as Big Thursday, is scheduled to go out of existence in 1959 at the insistence of Clemson.

Dedicate Men's Dormitory At MacMurray

JACKSONVILLE, Ill. (UP)—MacMurray College for Men came into official existence today, ending 111 years of exclusiveness for MacMurray College for Women.

Ceremonies later today will include the dedication of a new \$500,000 men's dormitory, along with a new field house and athletic field.

Dedication of the new men's college was combined with the annual founders day ceremonies, including the traditional candlelight dinner of the MacMurray alumnae association tonight, and the semi-annual meeting of the board of trustees.

A total of 136 men have enrolled in the new men's college under a co-ordinate educational program begun this fall. Enrollment in the 111-year old women's college totaled 479. Classes began last week. The two colleges are independent of one another, and the independence extends to most academic activities. Men and women attend separate classes for their freshmen and sophomore years.

Campus activities, including student government and publications, also are separate for the two colleges, which share facilities, faculty and administration.

The college administration organized the co-ordinate system principally in the belief that the new men's college would provide greater strength to the college program, provide a more balanced social environment, and permit greater service by the institution.

Marion Man Shot By Cafe Operator

MARION, Ill. (UP)—A 25-year-old Marion was charged with peace disturbance today by a cafe operator who shot him in the leg.

Police said that John McCree allegedly threatened to whip Bunice Tyner, 57, in Tyner's cafe Thursday night and Tyner shot McCree in the left leg above the knee.

McCree's condition was described as "not serious" at the U. S. Veterans Hospital.

Flu Onslaught Closes More Illinois Schools

By United Press
The Illinois Asian flu onslaught has closed public schools in Paris, Peoria, Danville, Camargo and Villa Grove in a wide band across central Illinois.

Football grandstands at numerous Illinois high schools were deserted and games cancelled due to the Asian flu epidemic which continued to grow in intensity.

There were no reports of additional deaths attributed to Asian flu or its effects. The statewide flu death toll stood at 17.

The situation also grew worse at the Dixon State School for the Mentally Retarded. Forty-seven new flu cases were reported Thursday, bringing the total to 2,284 including 54 employees.

Ten deaths already have hit the institution, 959 patients are confined to bed; 39 are in isolation and of that number 9 are listed in poor condition and 2 in critical condition.

Illinois high school football games reported cancelled due to the flu were the following:

Wheaton Academy vs North Shore Country Day, Fairbury vs Gibson City, Tremont vs Morton, Deer Creek vs Macinaw, Paris vs Georgetown, Oakland vs Hoopes, Rossville vs Milford, Streator vs Danville, Peoria Limestone vs Canton, Avon vs Corpus Christi, Roseville vs Alex, Galva vs Bradford Valley High vs Table Grove, Peoria Manual vs Woodruff, Peoria Central vs Pekin and Cairo vs Eldorado.

Boy Killed While Riding Bicycle on Highway Near Sesser

SESSER, Ill. (UP)—A car driven by a Southern Illinois University student struck and killed a young boy riding a bicycle Thursday night.

Lindell Tittle, 12, Route 1, Scheller, was pronounced dead on arrival at the hospital.

Wayne D. Kirk, 19, Route 2, Robinson, said the glare from headlights on oncoming cars blinded him and he didn't see the boy. Kirk was accompanied by two SIU students who were enroute to their homes for a long weekend.

The students had gotten an early start, they said, because flu had caused classes to close one day early at SIU.

Standard Time Returns Sunday In Nine States

By United Press
Standard time returns Sunday throughout nine states.

Residents of 23 other states won't have to tamper with their clocks because they never had daylight time.

A dozen states had a mixture of daylight and standard time last summer, and four others went off daylight saving time in September.

States returning to standard time at 2 a. m. Sunday are Connecticut, Maine, Massachusetts, Missouri, New Hampshire, New Jersey, New York, Rhode Island and Vermont. The nation's capital, too, will revert to standard time.

Spinster Bank

Teller Questioned, Drinks Ammonia

CHICAGO (UP)—A spinster bank teller was hospitalized under police guard today, recovering from a draught of ammonia she drank Thursday night when FBI agents tried to question her about a shortage in her accounts.

FBI Agent-in-Charge Richard D. Auerbach said investigators were sent to the home of Miss Auranis Pappas, 40, receiving teller in the installment loan department of the State Bank of Clearing. A routine check of her accounts during her vacation this week revealed a shortage estimated at \$100,000, he said.

The \$350-a-month teller is charged with faking installment loan cards.

Auerbach described Miss Pappas as a modest dresser, who neither gambled nor drank to excess. She had been employed by the bank for 17 years, and never gave her employers cause for concern.

Former Hatchet Man Is Slain

NEW YORK (UP)—A man identified by police as Albert Anastasia, former hatchet man for Brooklyn's notorious Murder Inc. gang, was shot and killed today by two gunmen in the barbershop of a midtown Manhattan hotel.

Anastasia was seated in a barber chair in the shop of the Park Sheraton Hotel. Two masked men walked in, drew their guns behind his chair and fired several shots into the back of his head, police said.

Anastasia pitched face forward to the floor.

The hotel is the same one in which notorious gambler Arnold Rothstein was shot in 1928, a murder which is still unsolved. It was known then as the Park Central.

Abel Convicted As Soviet Spy

Faces Possible Death Penalty Under Federal Law

NEW YORK (AP) — Soviet spy master Col. Rudolf Ivanovich Abel was convicted Friday of conspiring to gather and send to Russia American atomic and military secrets.

Abel, 55, faces the death penalty under the federal law which resulted in the execution of American spies Julius and Ethel Rosenberg in 1953.

Federal Judge Mortimer W. Byers scheduled sentencing for Nov. 15.

If he imposed the death penalty on Abel, the spindly, stoic Soviet secret police agent would be the first foreign national to die in peacetime for spying in the U. S. Abel's court-appointed counsel James B. Donovan, planned an appeal after sentencing. It was likely that the case would go to the Supreme Court.

Abel did not take the stand during his nine-day trial before a jury of nine men and three women nor did he offer any defense witness. His defense largely was an attack by Donovan on the key government witnesses offered by the prosecutor, Assistant U. S. Attorney William F. Tompkins.

Miss Joan Seright, 1956 Queen, Places Crown; Parade Winners are Announced

Harrisburg Township high school today had a new Queen and a football victory over Carbondale as a result of the 1957 Homecoming activities that ended late last night.

Taylor Field was like the inside of a refrigerator as the Bull Dogs beat Carbondale, 7 to 0.

Afterwards Miss Janet Tanner was crowned Homecoming Queen of 1957 in a beautiful ceremony during the Homecoming Ball in Bonnell gym.

Yesterday's events started with the parade in the afternoon and the winners were announced as follows:

High school division: Decorated cars—Hi Tri first, Future Homemakers of America second, Library club third. Floats—GAA first, Junior class second, Freshman class third.

Alumni division: Class of 1927 first.

Civic Groups division: Decorated cars—Fraternal Order of Eagles first. Floats—Beta Sigma Phi first, Jaycees second.

Halftime Activities
During the halftime program at Taylor Field the HTHS band first took over the entertainment, forming a big C and playing the Carbondale school song.

Then the band formed a huge heart and played "A Pretty Girl is Like a Melody" as the new Queen, her maids of honor and the class attendants were introduced. Maids of honor were Misses Linda Schwartz, Jane Davis and Doris Williams, seniors, and attendants were Betty Jenkins junior; Penny Wise, sophomore; and Linda Woodruff, freshman.

Church Women To Observe World Community Day

The church women of Harrisburg and adjacent communities will meet Friday, because they believe in the principles of "Food, Freedom and Dignity." They believe that these were worth fighting for in the past and they are worth praying for and giving for today.

World Community Day, sponsored by the United Church Women of this community, offers everyone an opportunity to give. Everyone is invited to take part in a national observance of World Community Day, Friday, in the First Presbyterian church.

Mrs. Paul Halbersleben will preside at the worship service. Church people will meet at this time to pray for peace and to bring their "Parcels for Peace" and gifts of money to defray the cost of shipping clothing from the world centers and to carry out self help programs for destitute people.

The parcels will contain blankets, household linens, warm clothing and lengths of denim to be made into work clothes by the mothers of families, for sons and husbands. These supplies, collected on World Community Day, will be sent to "forgotten" children and destitute men and women in the Near East, Pakistan, and Southeast Asia.

Church women believe that with these offerings, they are contributing to the uplift of the physical life, and that this in turn, will bring about an uplift of the spiritual life of the people helped. They believe, further, that by warning against poverty, ignorance and disease, the world can, in time, break down the barriers that bring about wars.

Women pray increasingly that a World Community Day will grow into a universal era of peace.

She is also survived by her sister, Mrs. Hubert Dove, of the Raleigh road and her half-brother, Spencer Hill, of Harrisburg. She was preceded in death by six brothers and sisters.

Eisenhower May Attend Summit Parley in France

Will Push Plan For Alliance By Free World

U. S. and Britain Ask Consolidation Of Resources

WASHINGTON (AP) — Diplomatic sources said today that President Eisenhower will go to Paris in December to push his plan for a free world scientific alliance.

In Paris, U. S. Ambassador Amory Houghton said the President will fly to Paris for a North Atlantic Treaty Organization meeting Dec. 15.

Neither the White House nor the State Department would comment immediately.

But C. Burke Elbrick, assistant secretary of state for European affairs, scheduled a conference with French Ambassador Herve Alphand.

The Paris trip would be for the purpose of enlisting other countries at a NATO "summit" conference in the proposal, promulgated by the United States and Britain Friday, for consolidation of the free world's resources to counteract Russia's new missile menace.

Eisenhower himself conferred with George W. Perkins, retiring permanent U. S. representative to the NATO council.

Perkins told reporters afterward the President's reported trip was not discussed; that they talked about European problems generally and the work of his successor, W. Randolph Burgess, at NATO.

President Eisenhower, a chief architect of the fresh concept for world security, may try to enlist allied leaders in Europe behind the dramatic proposal at a "summit" meeting in Paris before Christmas.

Between now and then American and British officials will attempt to draft an "action plan" to make the super alliance a reality. They will work from broad principles laid down at the conclusion Friday of three days of urgent conferences between the President and British Prime Minister Harold Macmillan.

Methods Major Obstacle
But exactly how free nations could pool weapons, manpower, and scientific know-how with safeguards against secrets falling into Soviet hands, loomed as a major obstacle to achievement of the alliance. The Eisenhower-Macmillan communique issued at the

Lodge Charges Soviet 'War Scare'

Accuses Kremlin of Meddling in Middle East; Congratulated by UN Diplomats

By United Press

An unconcerned Turkey prepared today for the general elections Russia has said would precede an American-inspired attack on Syria. But Syria appeared to be suffering from a case of war jitters.

U. S. Ambassador Henry Cabot Lodge, in a gloves-off speech at the United Nations Friday, accused the Kremlin bosses of creating an "artificial" war scare along the Turkish-Syrian border.

Lodge minced no words in his indictment of Russia's meddling in the Middle East. The Soviet charges, he said, were designed to picture Moscow as the "savior of the Arabs" and eventually "reduce the Middle East to the status of the captive nations of eastern Europe."

U. S. Support Pledged
Lodge declared the United States will not be stopped "by threats or defamation" from the Soviet Union in "continuing to offer its understanding and support to those nations . . . threatened by the Soviet Union and whose independence the Soviet Union seeks to destroy."

"Let there be no question about our capacity to offer this support. We are strong and our allies are strong. The (U. N.) Charter is the most powerful grand alliance against aggression. It could well become the most powerful alliance the world has ever seen."

Western and some neutral nations diplomats congratulated Lodge on his forthright statement. He was given a rare round of applause from the delegates at the conclusion of his speech.

Russia Charges 'Prodding'
Soviet Foreign Minister Andrei Gromyko listened impassively throughout. He had charged the United States was "prodding" Tur-

key to attack Syria "immediately after" Sunday's general elections. He warned such aggression could touch off World War III.

United Press correspondent Russell Jones reported seeing no signs of any war preparations, defensive or offensive, during a tour of the Turkish frontier.

Du Quoin Youth Killed by Auto

PINCKNEYVILLE, Ill. (AP) — A Du Quoin Navy veteran has been found not guilty of the murder of his uncle at a beer party March 24.

A Perry County jury of seven women and five men deliberated one and one-half hours late Friday before returning the not guilty verdict for Billy Carson Buntin, 24, in the death of John Edgar Hunter, 32.

Buntin maintained that his pistol fired accidentally as he was taking it from a holster.

Infant Girl Suffocates in Crib

DECATUR, Ill. (UP) — An 18-month-old girl suffocated in her crib Friday when her 4-year-old brother started a fire in their home by playing with matches.

The victim was Maureen Shield, daughter of Mr. and Mrs. Thomas Shield. One of the matches was thrown on to a bed by the brother and the bed started to burn. Smoke from the blaze suffocated the girl. The children's mother had stepped across the street to see a neighbor.

Fleck Acquired In Estate Scandal

CHICAGO (AP) — A jury acquitted former Cook County Public Administrator Charles J. Fleck of conspiracy charges Friday night in the \$50,000 estate scandal of Frank J. Rozanski.

The jury brought in the not guilty verdict 40 minutes after it retired to consider the evidence submitted during the three-week trial.

Fleck was charged with conspiracy in connection with Mrs. Helen Compell's fraudulent claim to the estate of the Polish immigrant who died in 1954 without leaving a will. Mrs. Compell, 55, had come forward claiming to be Rozanski's daughter, a claim she later denied.

Fleck, Republican committeeman of the 45th Ward, submitted to cross-examination by Abbey Blattberg, assistant state's attorney. Blattberg's questioning emphasized alleged difficulties Fleck had in persuading Probate Court Judge James Montana to approve Mrs. Compell's claim.

Six more persons are to be tried in connection with Mrs. Compell's false claim.

S.I.U. Country Column

By Albert Meyer

The rain came last week and many farmers are happy. Although prolonged rainfall just now may slow down soybean and corn harvesting, farmers with new seedlings of wheat, hay, or pasture crops were needing moisture to obtain good seed germination. Also happy with the showers were Paul Lamendola, district forester at Murphysboro, and other state and national foresters in Southern Illinois who were beginning to worry about forest fires. With vegetation dying, leaves beginning to fall, and the intensive hunting season approaching, a drouth period means anxious days and hard work.

Lamendola also passes along the information that farmers who plan to plant some of their rough land in forests—as they should—ought to begin placing their orders for seedlings with the Illinois Division of Forestry. Charges are nominal to cover production and packing costs at state nurseries near Jonesboro in Union County and near Havana in north central Illinois. Transportation charges are additional. Farmers should consider specie

adaptation to soil as well as the growing rate and the commercial value of the trees when mature.

For example, cottonwood is one of the fastest growing native forest trees in North America, he says. It reaches merchantable size and adds quality log volume much faster than other forest tree varieties. Much of the cottonwood harvested is used for making boxes, crates, veneer baskets and other specialty products, such as kite sticks. The wood texture makes it easy to work with and it does not split easily.

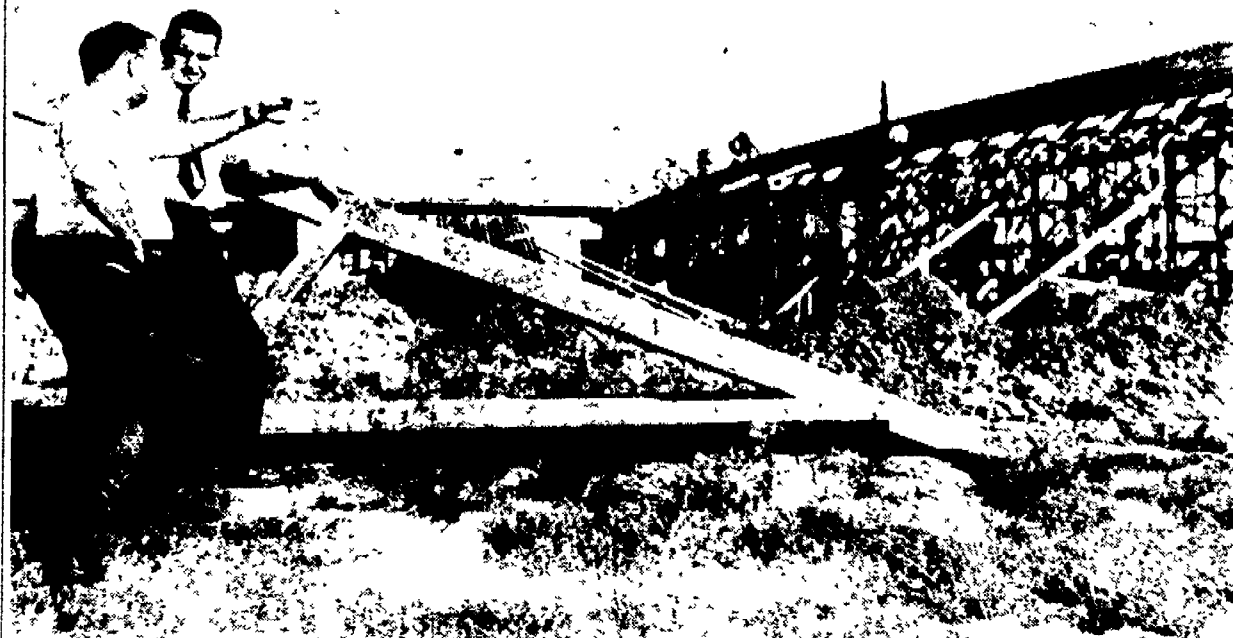

The wood is lightweight, soft, fine-grained, tough, and odorless. Much of the land along the Mississippi River and its tributaries is suited for growing cottonwood. The seedlings grow best on bottomlands, newly-made land, benches, and terraces that are moist but well-drained. The seedlings cannot compete well with other vegetation so the planting site must receive some preparation.

Lamendola thinks more cottonwood should be planted because it does grow fast and is in good demand. He suggests planting at six foot intervals in rows ten feet apart so that the plantation area may be disced occasionally to keep weeds and other vegetation below the level of the small trees. This will allow planting of 725 seedlings per acre.

Another large hardwood tree that is abundant on the bottomlands along the Mississippi and its tributaries is the sycamore. The wood is moderately heavy and strong, and is used principally as interior trim, fancy paneling, and furniture. It also is used for boxes, crates, and baskets—mostly food containers. The heartwood is reddish-brown but the sapwood is lighter colored. Quarter-sawn lumber and rotary-cut veneer brings out an excellent figure, he says.

In Southern Illinois, sycamore usually grows 70 to 100 feet in height and two to five feet in diameter. The tree may be planted with good success on either poor or well-drained bottomland and on lower slopes, but does best, of course, on the better drained areas. It grows rapidly and withstands competition from weeds and grasses. Planting at eight foot intervals is desirable, requiring 680 seedlings per acre. Both these varieties may be obtained from state nurseries at 75¢ per thousand seedlings. Additional information may be obtained from the farm foresters at Anna, Sparta, or Harrisburg.

Select a bulk tank first and then plan your milk house to fit the tank, says a University of Illinois agricultural engineer.

DR. JOSEPH E. BURNSIDE, left, Southern Illinois University swine specialist, and Milton Shute, SIU agricultural engineer of farm structures, discuss construction progress on a new Swine Center. Give Corn Picker Close Inspection

A corn picker that continually clogs is not only causing too much field loss but also greatly increases your chances of getting caught.

To reduce the number of unnecessary delays from clogged rolls or other mechanical difficulties, give your picker a critical inspection, says O. L. Hogsett, extension safety specialist at the University of Illinois College of Agriculture.

Start with the snapping rolls. Rolls worn beyond their usefulness may cause clogging. Borrow a new roll from your dealer and compare it with the old ones to see the difference.

The same holds true for the husking rolls. Check the spring tension. If the rolls won't adjust, a spring may be broken. Don't hesitate to replace them if you think it might reduce clogging or improve husking.

When you inspect your picker, it's a good idea to make sure that all shields are in place and there are no protruding obstructions, such as cotter pins, nails or bolts, to catch your clothing.

Chances of having an accident this picking season will be much less if you can get your crop in without unnecessary delays from clogging. There's a good reason for trouble. Locate and eliminate the hazard so that your corn-picking season will be safe and efficient.

Large Posts Not Necessarily Long Lived

Size of a white pine fence post is no indication how long it will last.

C. S. Walters, forest products use researcher at the University of Illinois College of Agriculture, reports these results from an experiment with 25 untreated eastern white pine posts at Sinnissippi forest near Oregon in Ogle County.

These posts were cut from a 35-year-old plantation and were set in a fence line in 1943. They have been examined every year since then, Walters says.

The researchers checked failure of the posts by sharply shoving the top of each post. They consider this test practical because it approximates the same conditions of stress that farm fence posts ordinarily get.

Service life of the posts was not closely related to the diameters of the posts involved. One post 4 3/8 inches in diameter gave 121 months of service before it failed, while another post 6 1/2 inches in diameter lasted only 38 months.

Corn Silage Good Winter Feed for Ewes

DIXON SPRINGS — Corn silage makes good winter feed for ewes.

You may need to rely on corn silage if your hay crop this summer was shorter than usual or if you have a problem of soft corn because of early frost, says J. M. Lewis, assistant professor of agricultural research at the University of Illinois Dixon Springs Experiment Station.

Most farmers will feed corn silage with other roughages, but it can be fed as the only roughage if properly supplemented, Lewis points out.

Ewes will eat from six to eight pounds of corn silage daily if it is the only roughage. Supplement this silage with one-fifth pound of protein and one-half ounce of feed-grade limestone daily to correct the protein and calcium deficiency in the corn silage.

Half of a flock of ewes were fed through the winter at the Dixon Springs Station with silage as the only source of roughage. In addition to the recommended amounts of protein and calcium, they also got a pound of grain daily consisting of equal parts of shell ed corn and oats. The other half of the flock were fed all the good alfalfa hay they would eat, plus the same amount of corn and oats.

Ewes fed corn silage in this program were as thrifty as those fed legume hay, and they gained more weight, Lewis reports. Their lambs were as heavy and strong at birth and gained faster because the ewes fed silage milked better.

Plenty of Hogs Still Get Cholera

Don't "cut costs" at the expense of vaccinating your hogs against cholera, warns Dr. R. D. Hatch of the University of Illinois College of Veterinary Medicine.

Dr. Hatch points out that, despite improved vaccines developed in recent years, hog cholera is still a stubborn foe to the swine farmer. He says it is almost 100 percent fatal, and there are so many ways that hogs can be exposed to the virus that it's impossible to "stop up all the cracks."

For example, hog cholera can be introduced into a herd by dirt from the farmer's shoes from a bone brought from a neighbor's home by a dog, from litter thrown from a stock truck and in various other ways. Even improper handling and use of the virus for treating pigs may start an outbreak of cholera. So vaccination by a

Asphyxiated in One-Room Shack

Tragedy Wipes Out 6 in Family

ARLINGTON, Minn. (AP) — A tragedy which wiped out six members of a Mexican-American family has left a deep impact on the townfolk here.

"What a fine family, what nice people," was the oft repeated comment of neighbors who had only known the Joe Garcia family since their arrival about a month ago.

Garcia, a hard-working truck driver who had been on the road for the Big Stone Canning Co., returned to his home Friday and found his wife and five children asphyxiated in their one-room shack.

His family apparently had been wiped out 18 hours earlier when a two-burner gas plate, the only heating apparatus in the 10-by-15-foot shack, consumed the oxygen while they were sleeping.

Sibley County Coroner Dr. A. T. Dysterheft said the small temporary home was "certainly not suitable" for the temperature drop

Named for Him
Rabbit Ear Mountain, northeastern New Mexico, was named after a Cheyenne Indian chief, called Rabbit Ears, because his ears had been frozen during a particularly severe winter in the 19th century. The chief was killed in battle and is buried on the mountain.

IN THE Service

Kenneth Dale Hicks, airman guided missileman, USN, son of Mr. and Mrs. Earl R. Hicks of 11 South Marshall, Harrisburg, and the husband of the former Miss Margaret Hipes of 17 West O'Garra, Harrisburg, is now serving with Attack Squadron 63, temporarily based at Naval Air Station, Alameda, Calif. Hicks, who entered the Naval Service July 2, 1956, reported aboard from Naval Air Technical Training Center, Memphis, Tenn., in October, 1957.

Donald L. Yarber, seaman, USN, son of Mr. and Mrs. James L. Yarber of 1008 South Land street, Harrisburg, returned to Long Beach, Calif., Oct. 19, aboard the heavy cruiser USS Helena after a six-month tour of duty in the Far East. While in the Pacific, the Helena was flagship for the commander of the U. S. Seventh Fleet. During the cruise the Helena's crew visited Kobe, Yokohama, Sasebo, Yokosuka and Iwakuni, Japan; Formosa; Okinawa; Guam and Hong Kong.

THREE BROTHERS NOW ON ACTIVE DUTY IN THE U. S. NAVY

Calvin Lee Sinks, Eldorado, enlisted in the U. S. Navy on Oct. 15 and is now stationed at Great Lakes, Ill. He is the third in his family to enlist and all three brothers are on active duty with the Navy.

Sinks has served with both the Army and Air Force and last served with the Strategic Air Command in the Air Force. His brother John is now serving aboard the U. S. S. Baer in the Pacific with the rating of machinist mate second class. Another brother, Fred Sinks, is serving aboard the U. S. S. Osborne.

All three brothers enlisted into the Navy at the Navy Recruiting office at the Post office in Marion. As far as it is known the three brothers are the only family group of three in the middle west serving in the same service and on active duty at the same time.

Pvt. Donald R. Shingler, son of Mr. and Mrs. Charles H. Shingler, 17 South Mill street, Harrisburg, recently was graduated from the basic Army administration course at Fort Leonard Wood, Mo. The course included training in typing, Army clerical procedures and record keeping. He entered the Army last April and had attended Michigan State University.

Six Killed in Two-Car Collision

REDLANDS, Calif. (AP) — Six persons were killed in a two-car collision here Friday, and the victims included four members of a Chicago family.

The dead were identified as Edward G. Braun, 30; his wife, Sarah; their two young children, Michael and David, who came here a short time ago to make their home, and Louis Beaupre, 72, and Thomas Jefferson Lotsepich, both of Los Angeles. Lotsepich's wife, Marianne, was seriously injured.

Braun, a veteran of World War II, had been discharged from the Marines in Chicago two weeks ago. He had been on recruiting duty.

Eisenhower May Attend Summit Parley

(Continued From Page One)

end of their talks did not spell out specific steps to unification.

It was disclosed later, however, that Secretary of State John Foster Dulles has had a group working in secret for two months on the problems of mutual assistance in the nuclear-missile-space age.

Officials said if an acceptable plan could be developed for the 15 North Atlantic Treaty Organization nations, then it might become a pattern for cooperation among all the world's nearly 50 free countries.

An invitation for Eisenhower to attend a summit conference with NATO leaders Dec. 16-17 in Paris came as a complete surprise. It was made informally by NATO Secretary - General Paul - Henri Spaak, who sat in with Eisenhower and Macmillan at the White House Friday for 30 minutes.

Caught off guard, the President and Macmillan agreed the parley might be a good idea. But they reserved a final commitment pending a formal invitation from the NATO council.

However, it seemed unlikely the President would refuse in view of the strong emphasis placed by the Macmillan - Eisenhower communique for doing something now to meet Russia's "totalitarian menace."

In their communique, the President and Prime Minister agreed that at the NATO meeting there should be attempted an "enlarged Atlantic effort in scientific research and development." The President agreed to ask Congress to relax the bars against interchange of atomic information in order to allow American and other free world scientists "close and fruitful collaboration."

Three Scott Base Airmen Killed in Auto-Truck Crash

RANDALL, Iowa (AP) — Three airmen from the Scott Air Force Base at Belleville, Ill., were killed and a fourth injured Friday night when their car rammed into the side of an empty car transport truck on U. S. 69.

Killed were Duane M. Duncan, 23, Spencer, Iowa; James Higgins, 19, Corydon, Pa.; and Richard D. Moxley, 27, Boonville, N. C.

Ray Young, 27, Belleville, Ont., was hospitalized at Ames in "very serious" condition.

The top of the car was almost sheared off in the collision. The truck was knocked off the highway. The truck driver, Clayton Doty, 41, Tecumseh, Mich., was not hurt.

7 from County Practice Teaching In Public Schools

A total of 105 students at Southern Illinois University, including seven from Saline county, are practicing teaching in public schools during the fall quarter, according to Dr. Charles D. Neal, director of teacher training.

Most of the future teachers are conducting classes at University School, Southern's laboratory school, but some of the students are receiving their teacher training off campus. Part-time teaching is one of the final steps for students seeking SIU bachelor of education degrees.

Three Harrisburg students are participating in the teacher training: Sam DeNeal, RFD 3, is teaching at Brush school, Carbondale; Letitia Skaggs, 200 North Webster, and Carolyn Wilson, 1027 South Webster, both are teaching at Horace Mann school, Harrisburg.

Other Saline county teachers in training are: Jo Ann Henson of Carrier Mills, teaching on campus at Carbondale;

Joan Bramlett and Martha L. Carter, both of Eldorado, teaching on the SIU campus;

Ernest Mings, Raleigh, teaching in the Harrisburg Junior High school.

Army to Transfer SIU Math Genius To Chemical Center

WASHINGTON (AP) — The Army has decided to make better use of a young "mathematical genius" who has been assigned as a clerk typist at Ft. Lee, Va.

It said that Pvt. Ernest E. Shult, 24, Fairfield, Ill., would be transferred to the Army chemical center at Edgewood, Md.

In civilian life, Shult was an assistant to Dr. Karl Lindgren, director of the biological research laboratory at Southern Illinois University.

Lindgren complained Tuesday that Shult had been assigned as a clerk when he was drafted April 16. He said this was a misuse of his talents.

Lindgren described Shult as "the outstanding mathematical genius I have encountered in 30 years of scientific research."

The Army explained that Shult had no college degree. Nothing in his record indicated his special training. It said "prompt action" was being taken to reassign Shult to the chemical center "where his talents can be more effectively utilized."

Sputnik Signal Back on Air

WASHINGTON (AP) — Sputnik came back on the air today after a night of radio silence.

At Cambridge, Mass., Andrew Ledwith of the Smithsonian Astrophysical Observatory said the Soviet Satellite's signal "came thru nicely this morning."

The satellite had made its rounds Friday night in silence, prompting speculation that its batteries were dying long before Sputnik's expected death in early December.

But its signal came through fine this morning, its battery power apparently regenerated.

RCA said the signals were picked up on 20 megacycles, one of the two radio frequencies Sputnik has

YOUR CONGRESSMAN REPORTS

The gavel has recently fallen signalling the end of the first session of the 85th Congress in Washington, D. C. You have honored me by electing me as your Representative in Congress, and since the day I took office I have tried to keep you informed of my efforts and progress in your behalf. That is the purpose of this report.

SOUTHERN ILLINOIS IS DEFINITELY MAKING PROGRESS. With construction of the new Federal highway through Southern Illinois to begin soon, our continued success in getting new industries, increased activities in flood control, navigation, water resources development, increased coal markets, expanded recreation trade and improved farm programs, we can and will make Southern Illinois a better place in which to live and work. Certain sections of Southern Illinois are progressing faster than others; however, I am confident that with the continued cooperation of the Chambers of Commerce, Mayors and city governments, Southern Illinois Incorporated, Southern Illinois University, newspapers, civic and religious groups, and citizens in general, we will continue our upward climb.

This has been a busy and arduous session for me in fighting for those things I believe are designed to help raise the social and economic well-being of all the people of Southern Illinois. It has been a great privilege and a high honor for me to be able to stand up and speak out in your behalf. It has also been a great privilege to answer your many requests for assistance regarding your varied and complex problems.

Since my election there has been maintained for the first time in the history of Southern Illinois, a **FULL TIME DISTRICT OFFICE** at West Frankfort where hundreds of people come with their problems. We are able to give them prompt, efficient service.

I was particularly delighted with the number of Southern Illinois visitors who came to Washington this year. Over nine hundred Southern Illinois people paid us a personal visit and watched Congress in action. In addition to scores of individuals, I was privileged to have five high school groups and leaders and members of Boy Scout troops from Southern Illinois. I hope more people will come to the Nation's Capital and see first-hand how our Government operates. We welcome you and will look forward to your calling at our office located in Room 220, House Office Building, next to the Capitol.

Each year I have taken this means at my personal expense to inform you of my work as your Congressman. Since I reported last year regarding my activities in the 84th Congress, the following report will include **ONLY EIGHT MONTHS** of this year. I, of course, will not be able to cover all of the activities of my office in this report; however, I would like to list some of the more important items in order that you, the people of Southern Illinois, will know of the progress being made in your behalf:

BUDGET CUTS

1. Helped reduce the Federal Budget by over 5 billion dollars. Supported cuts of those items proposed but not necessary. At the same time, fought against attempts to cut programs needed such as funds for medical research in the fields of heart disease, cancer and other similar type programs. It is my hope that with the savings made this year by the Democratic controlled Congress, a tax reduction can be allowed next year. I strongly urged the Chairman of the House Ways and Means Committee to hold public hearings in order to determine the feasibility of a tax reduction. Such a request has been granted and public hearings will begin in Washington on January 7, 1958. Relief from our present burdensome taxes can be achieved by two methods: (1) reducing governmental expenditures through eliminating all non-essential and wasteful outlays; and (2) spreading the burden of taxes equitably and fairly among the various groups of the tax-paying public. The above is contingent upon a new look at our defense spending since the announced Earth satellite launching by Russia.

GRAY SUPPORTED LEGISLATION

1. Actively supported the **Housing Act of 1957**. The bill should help bolster a "weak-kneed" Housing Program by (a) lowering down payments of FHA insured loans; and (b) increasing the borrowing authority of the Federal National Mortgage Association; and (c) increasing money for slum clearance and urban renewal. Also authorizes an additional amount for college housing loans.

2. Supported all bills designed to give the United States more defense for less money. Spoke for measures designed to eliminate duplication and waste.

3. Actively supported and voted for a bill to extend the **Agricultural Trade Development and Assistance Act**. This bill gives us authority to dispose of surplus farm commodities in order to help raise farm income.

4. Actively supported bill to continue the **Small Business Administration**. This legislation will give many Southern Illinois people the opportunity to use the facilities of the Small Business Administration for loans, government contract assistance, information on how to promote small business and other useful services that should help provide more jobs through expanded Small Business.

5. Actively supported and voted for pay raise for all postal employees and other government workers. This legislation is badly needed to help compensate for added cost of living due to inflation; however, the legislation was vetoed by the President. We hope to have favorable action taken next session.

6. Actively supported and voted for increased annuity for retired Civil Service employees. Many retired people are having a difficult time living on low pensions they are receiving. This bill cleared the House Committee and is awaiting Floor action.

7. Supported feed wheat bill for farmers. This allows farmers to produce up to 30 acres of wheat for feed purposes.

8. Supported bill making poultry inspection compulsory. This measure will insure the consumers of poultry products receiving the finest poultry available.

9. Requested consideration of bills before the House Ways and Means Committee that would allow liberalization of Social Security benefits. I believe the retirement age for Social Security should be lowered to age 60 for both men and women. Hearings may be held next session.

10. Actively supported bill liberalizing GI loans. This legislation is badly needed in order that many veterans will be permitted to buy homes through low down payments and more liberalized terms. Bill passed; however, was vetoed by the President. I am disturbed by the Administration's interest rates and tight-money policies. Many veterans and other home buyers will be paying more interest this year due to increased rates. I am hopeful that interest rates can be lowered instead of raised.

11. Supported and voted for authorization granting disaster loans to farmers. Many Southern Illinois farms were inundated by flood waters with thousands of dollars in crop damage. I urged that all 15 counties in my congressional district be designated as an emergency loan area. The request was granted, which allows farmers to make loans at 3% interest.

12. **Status-of-Forces Agreements.** Introduced Resolution to modify provisions of the Status-of-Forces Agreements which now surrender our servicemen to the criminal jurisdiction of foreign nations. This Resolution would prevent such international incidents as the William Girard case. It is my feeling that when a boy dons the American uniform to help defend his Government and the American way of life, the least we can do is to see that he is given the rights afforded him under the Constitution.

VETERANS

1. Handled scores of cases with the Veterans Administration for Southern Illinois veterans and their dependents. Was able to get approval of several hundred claims for both service and non-service connected disability veterans. Assisted hundreds of Southern Illinois veterans in getting approval of GI loans with which to purchase homes.

2. Actively supported and voted for a bill to provide 10 percent increase in payments to disabled veterans with service-connected disability, and to increase dependency allowances. The bill provides for a 24 percent increase for service-connected totally disabled veterans. The increases became effective October 1st. I am hopeful that Congress can pass legislation increasing the amount of pensions allowed to non-service connected, totally disabled veterans. Many are having a difficult time living on their low income, particularly veterans of World War I. I am also for liberalizing eligibility requirements for those veterans who are not able to work.

3. Actively supported legislation to grant World War I veterans a Congressional Charter. I was able to get public hearings on my bill and received favorable action by the House Committee on the Judiciary. The bill is now awaiting House floor action.

4. Actively supported and voted for bill to allow disabled veterans to draw service-connected disability compensation and the full amount due them from Social Security Benefits. This bill permits the veteran to draw both payments without deduction. Before this bill passed, one was deducted from the other.

5. Supported other veterans' benefits covered under heading of "Legislation."

6. Servicemen. Assisted hundreds of servicemen with their applications for hardship discharge, hardship transfer, all types of leave, pay allotment, dependency problems. I have been able to assist many servicemen overseas in their efforts to return home during the time of deaths in their families.

NEW BUILDINGS AND PROJECTS

I have been able to get some action on new Federal buildings and government-supported projects for Southern Illinois — badly needed for many years.

1. Architectural and engineering plans for the new \$1,100,000 Federal Building for Benton are due for completion this year. Advertisement for bids soon thereafter.

2. Plans almost completed for new Armory at Marion. Beautiful building to house Army Reserve Units. Total cost including lot to be paid by Federal government.

3. Helped secure \$1,500,000 Air Force contract for new industry at Chester, which will eventually provide more than 100 jobs.

4. Secured NIKE Guided Missile Base near Red Bud, Illinois. Will cost more than one and one-half million dollars, and in addition to providing air defense will provide great economic benefits to the area.

5. Secured tentative approval of Post Office Department for a new post office at Sparta.

6. Obtained another \$1,300,000 this session of Congress for the completion of Devil's Kitchen Dam and Lake area. This makes a total of \$3,300,000 to date, which is the full amount needed for the overall project. In addition to the dam construction which is now in progress, two more contracts will be awarded next Spring including a complete network of access roads, a public beach, boat dock, added recreational facilities, picnic areas, and the leasing of private cabin sites. When finished, the Devil's Kitchen Lake area should be an added inducement for industry: will bring thousands of additional tourists into Southern Illinois; insure an adequate water supply and promote general trade in Southern Illinois by increased activity. In addition to other advantages, jobs for some of our unemployed will be provided.

7. Mound City Cemetery. Urged Army to expand Mound City National Cemetery. Army now making survey to determine feasibility of expansion.

8. Urged preservation of Historic Sites at Cairo. Working in conjunction with the City of Cairo, Cairo Historical Association, Southern Illinois University, and Mr. Hillory A. Tolson, Director of National Park Service, U. S. Department of the Interior, the National Park Service by granting financial assistance to help preserve historic sites in and near the City of Cairo. I have strongly urged Cairo Point as a possible site for a National Park; however, it appears that the best chance of establishing a park at the Point is through the State. I have been promised a survey of historic sites in Cairo by the National Park Service in order to determine their national significance with a view toward Federal restoration.

9. Federal Penitentiary. Fought diligently to have the Federal Penitentiary located in Southern Illinois. Congress failed to authorize funds due to the economy drive. We have an excellent chance of obtaining this project for my District if the 9½ million dollar project is built anywhere.

10. School districts in nine area counties received \$23,789.90 Federal money. This amount represents 25 percent of cash receipts of the Shawnee National Forest during the last fiscal year and is apportioned to the counties according to the amount of National Forest land within them. The money must be used for schools and roads, which will come from the sale of timber and miscellaneous uses.

WELFARE ASSISTANCE

1. Sponsored legislation amending the Social Security Act. Will provide more Federal funds for medical care to public assistance recipients, including the aged, blind, and the Dependent Children Program. Bill passed and is now Public Law 85-110. Received written commendation from the Illinois Public Aid Commission for my efforts in behalf of this legislation to help the needy.

2. Handled several hundred letters and personal requests for aid from the needy, blind, and recipients of Aid to Dependent Children. Although the above-mentioned programs are administered by the State and are not under my jurisdiction, I was happy to give advice and refer the requests to the proper authorities.

3. Assisted scores of Southern Illinois people with their Social Security problems. Last year Congress lowered retirement age for totally disabled people to age 50 which brought on an influx of applications.

FLOOD CONTROL AND RELATED PROJECTS

1. Strongly urged U. S. Army Corps of Engineers to expedite preliminary report on proposed canalization of Big Muddy River and Beaucaup Creek. Obtained \$75,000 last year which is now available for a full-scale survey project provided the preliminary investigation report is favorable. Report expected no later than December.

KENNETH J. GRAY

2. Advocating strongly the construction of Rend Lake. Waiting for the canalization of Big Muddy report to determine what part the Federal government can play in this project.

3. Secured passage through House Committee on Public Works \$5,900,000 flood control project on the Saline River and tributaries. Successful in cutting local cash contribution by 75 percent. House Floor action expected early in next session. Also supported move to canalize part of Saline River for navigation purposes.

4. Supported Kincaid Creek project. Waiting on Army Engineer report for canalization in an effort to tie projects together.

5. Secured additional appropriations for levee work on the Mississippi River. I recently reported that Union County received the 36th contract for work in the 25th District since I took office on January 3, 1955. Total amount since that date now exceeds three million dollars.

FLUORSPAR

Led fight in House to obtain \$4,200,000 this year to purchase fluorspar for the Government's strategic minerals stockpiling program. These funds will help insure continued operation of the fluorspar mines in Southern Illinois.

COAL

Urged adoption of legislation setting up a commission to study ways of finding new uses for coal. House Resolution 948, 85th Congress, was adopted authorizing a special subcommittee on coal research. Publicly commended by UMW of A for my vote on legislation beneficial to coal miners.

ACADEMIES

Privileged to appoint several young men from Southern Illinois to our West Point, Annapolis, and Air Force Academies. These young men are now serving with great distinction and honor to Southern Illinois.

OFFICE

Gave prompt and efficient service to hundreds of people who contacted us personally in our West Frankfort and Washington, D. C., offices. In addition, we receive an average of 200 letters per day wanting assistance with all types of matters such as civic groups proposing various projects; income tax matters; veterans' claims; passports and visas; Social Security; job seekers; legislation; loans for municipalities; FHA loans; Small Business loans; Railroad Retirement problems; patent applications; duplicate birth records; Surplus Property requests; Government information; publications ranging from farmers' bulletins to documents requested by libraries and schools; and other requests too numerous to mention.

HIGHWAYS

Construction of the new interstate superhighway through Southern Illinois is about to begin. A network of new roads to be built throughout the United States will allow motorists to drive from one part of the Nation to another safely and quickly. The new turnpike through Southern Illinois will be of tremendous economic benefit. I was privileged to help write this great highway bill as a Member of the House Committee on Public Works, and intend to see that Illinois is given its fair share of Federal highway money.

COMMITTEES

I was fortunate in being assigned to the full House Committee on Public Works, the subcommittees on Rivers and Harbors and Flood Control because I have been in a position to guide much needed public works projects into Southern Illinois because of membership on these committees. Several important projects planned for the future such as the canalization of Big Muddy and others will eventually be presented to these important committees. I plan to use the experience and prestige gained by serving on these committees to the best interest of Southern Illinois.

I hope this record meets with your approval; however, **THE JOB IS NOT FINISHED.** By working together we can continue to progress.

Please feel free to write or call upon me either at my West Frankfort or Washington, D. C., office. I want to personally meet as many constituents as possible, although doing so is difficult, it nevertheless is important work. I consider it a Congressman's duty to courteously interpret the activities of the Federal government to the individual citizen. The citizen is the root of all governmental authority, and he has the right to know the reasons behind the law or administrative act. He also has the right to express his opinions on public or private business to his elected Representatives. The individual citizen's sound and constructive ideas may well be the basis for writing new laws or rewriting the old. I also need your opinions on legislation. Please write.

In closing, I wish to assure every citizen, Mayors and city officials, Chambers of Commerce, Southern Illinois Incorporated, Southern Illinois University, Industrial councils, newspapers, labor, civic and religious organizations, of my wholehearted cooperation and continued desire to work together for the interest of Southern Illinois and its people. The welcome mat is always at my door. My Congressional office is **YOUR** office, regardless of political affiliation. By working together we can see a bright star shining over Southern Illinois.

Sincerely, Y

KENNETH J. GRAY

Your Friend and U. S. Congressman

ATTEND CHURCH SUNDAY

WHAT'S
WRONG
HERE?

A charming picture of
a lovely little girl reaching
for a Bible. What could pos-
sibly be wrong with that?

Here's what!

1. The Bible is on the bottom shelf,
hard to get at, which means the family
doesn't use it frequently.

2. The Bible she's reaching for is writ-
ten in grown-up language, too hard for
her to understand all by herself.

3. The little girl is alone—and she
needs help!

Why should the Bible be on the bottom
shelf, and why should this little girl have
to seek its truth by herself?

The Church stands ready to help your
child—and you! It will help you to under-
stand the Bible and its timeless message
of God's undiscourgeable love for you,
your children and all mankind.

THE CHURCH FOR ALL...
ALL FOR THE CHURCH

The Church is the greatest lo-
cal on earth for the building of
character and good citizenship. It
is a storehouse of spiritual values.
Without a strong Church neither
democracy nor civilization can
survive. There are four sound
reasons why every person should
attend services regularly and sup-
port the Church. They are: (1)
For his own sake (2) For his
children's sake (3) For the sake
of his community and nation (4)
For the sake of the Church itself.
Which needs his moral and ma-
terial support. Plan to go to
Bible study regularly and read your
Bible daily.

'The Problem of Christian Freedom'

I Corinthians 8
GOLDEN TEXT: "There hath
no temptation taken you but such
as is common to man; but God is
faithful, who will not suffer you to
be tempted above that ye are able,
but will with the temptation also
make a way of escape, that ye
may be able to bear it" (I Cor.
10:13).

INTRODUCTION — What is
freedom? Freedom is a word
easily spelled but difficult to de-
fine. Mike "Pat in the nose,
because, said he. "This is a free
country!" Pat said "Yes, but
your freedom ends where my nose
begins," and he proceeded to tear
into Mike.

My freedom does not grant me
the privilege of disobeying the
laws of our city, state and nation.
My freedom does not grant me
the right to "take that which be-
longs to another. In other words,
there is a limit even to freedom.

As a Christian I am limited in
some things I can do. There are
certain attitudes which a Christian
possesses which gives him a differ-
ent outlook on life.

I LOVE AND KNOWLEDGE
(V 13)

A problem had arisen in in Cor-
inth. Let us remember that Ath-
ens and Corinth were the cultural
centers of the world of that day.
There, in Greece, was found the
seat of knowledge and higher
learning of the world. Great uni-
versities and libraries, and art
galleries were located in Greece.
Some of those people had be-
come "puffed up" because of
their knowledge. They could not
solve their problems as long as
they looked down upon others who
had less knowledge. Paul tells
them (and us) that LOVE is su-
perior to knowledge.

II ONE'S FREEDOM IS
LIMITED (V 4:11)

Not long ago I stood before the
market place in Corinth where the
Apostle Paul faced the problem
presented in this lesson. This
problem concerned the eating of
meat which had been offered in

the heathen temple on altars be-
fore idols.

Now, the older Christians (the
more informed ones) felt that it
was alright to eat this meat. It
was meat that had been brought
from the heathen temple to the
market place and put on sale. The
better informed Christians could
see no harm in buying and serv-
ing it to their families.

However, the new converts
could not see it that way. To them
it seemed the unholy thing to do.
The eating of the meat which had
been offered to heathen idols was
a stumbling block to them.

The Christian attitude is: "I will
not hurt my brother. If there is
anything I am doing which is a
stumbling block in another's way,
I will stop doing that thing." Paul
said "If eating meat makes my
brother Christian to offend (stum-
ble), I will eat no meat as long as
this world stands."

CONCLUSION (V 12-13). We
should always consider our in-
fluence upon others. Influence is
powerful. Recently a young per-
son said to me: "My life has
been ruined because of the evil in-
fluence of another. In turn, I
have used evil influences upon
some of my friends. Now they
are doing wrong."

The Christian should always
consider the feelings of others. If
there is any doubt in your heart
about whether or not it is wrong
for you to do a certain thing, then
it is wrong. It is the Holy Spirit
making you sensitive to that
which is wrong. Why not be a
real Christian, and say with Paul:

"Surely, I would not want my
superior knowledge to bring spiri-
tual disaster to a weaker brother
for whom Christ died. And when
you sin like this and damage the
weak consciences of your broth-
ers, you really sin against Christ.
This makes me determined that, if
there is any possibility of meat
injuring my brother, I will have
none of it as long as I live, for fear
I might do him harm." (LET-
TERS TO YOUNG CHURCHES

Mr. and Mrs. E. S. Vinyard, Karber's Ridge, were Wednesday dinner guests of Mr. and Mrs. A. A. Thacker.

Rev. and Mrs. Clifford Potter, Mrs. Lola Bentley, Mr. and Mrs. Jesse Colbert, Mrs. Essie Green, Mr. and Mrs. Don Flanders, Alonzo Elliott, Joe Elliott, Mrs. Ted Steele and Mr. and Mrs. Joe Lackey attended the funeral of Edward Vinyard Wednesday.

Mr. and Mrs. Hershell Blake and children, St. Louis, came for the Vinyard funeral and visited Mr. and Mrs. Alonzo Elliott. Mrs. Elliott is ill, but reported to be improving.

Mrs. A. A. Thacker, still unable to walk, due to injuries suffered in an automobile last June, has received more than 500 cards from friends. She expresses gratitude for these messages of encouragement. The following were guests of Mr. and Mrs. Thacker on Sunday: Mr. and Mrs. Joe Lackey and children, Mr. and Mrs. Jesse Colbert, Mr. and Mrs. Mora Moore, Mr. and Mrs. Sam Mer-shimer, Mrs. Millie Benham, Mrs.

Augusta Fuhr, Ted Steele, Mrs. Mary Vinyard, Mrs. Margaret Banks, Mrs. Nathaniel Oxford, Karber's Ridge, Mr. and Mrs. Jim Kannady, Ridgway, Mrs. Ethel Rich, Shawneetown, and Miss Mary Oliver, Edwardsville.

Mrs. Caroline Moore was taken to a hospital Saturday. She is making her home with Mr. and Mrs. Mora Moore for the winter. Mr. and Mrs. Ralph Colbert made a business trip to Paducah, Ky., recently.

Fascism was started by Benito Mussolini in March, 1919, according to the Encyclopedia Britannica.

Rainbow Rexall Monthly News

A message from Robert Keltner, "Your Pharmacist"

HOW ARE YOU GOING TO LIVE YOUR LONGER LIFE?

HOW MUCH ARE YOU going to enjoy those extra years that medical research, new miracle drugs and vitamins are adding to your life?

THERE ARE NOW more than five times as many people 65 years or older than there were in 1900. Reliable estimates indicate that ten years from now we will have twice as many as today.

OLDER FOLKS HAVE special health-care problems. Therefore, we are continuously studying how we, as pharmacists, can co-operate with your physician to make certain your longer life will be a healthier one.

THERE ARE MANY IMPORTANT medicines and geriatric vitamins that can add years to your life if properly taken. We are keeping informed about all new progress so that we will always have them in stock.

YOU MAY LOOK FORWARD TO YOUR LONGER LIFE with pleasant anticipation. Your physician has the knowledge to advise you how to keep well and we are able to supply any medicine or vitamin you may need.

Herrin Thumps West Frankfort, 54-20; Mount Vernon Trips Benton, 20-0

By United Press

Champaign's long victory string covering three seasons came to an end Friday night when the Maroons were held to a 0-0 tie by Mattoon in a Big 12 Conference football game.

Champaign, which is seeking its second straight Big 12 championship, had won 20 games in a row, including a perfect 9-0 record last season and its first six games this year.

In the South Seven conference Herrin thumped West Frankfort, 54-20; Mount Vernon tripped Benton, 20-0, and Centralia beat Marion, 39-12.

In other southern Illinois games Harrisburg edged Carbondale, 7-0; Murphysboro walloped Chester, 37-0; Zeigler, which racked up 79 points last week, pounded Pinckneyville, 54-0; Fairfield beat Carmi, 34-19; Anna Jonesboro won from Sparta, 20-12, and Salem dumped Olney, 33-6.

Chillicothe, another previously unbeaten club, also was held to a tie by Washington, 13-13.

Among the unbeaten teams adding new victories to their strings were Springfield Cathedral, Onarga and Gibson City.

Cathedral won its second straight city championship by dumping Springfield Feitshans 21-0.

Onarga's Indians racked up Forest 26-0.

Gibson City preserved its record of still being unscored on this season by rolling over Peoria Limestone 33-0.

Rock Island and East Moline fought to a 0-0 tie while Moline lost to Davenport, Iowa 7-0.

Charleston topped Casey 27-13 in the Eastern Illinois Conference race while Newton stopped Effingham 20-7.

In the Big Eight Conference, Aurora East and Aurora West deadlocked 19-19. Rockford East smashed Rockford West 39-0, Elgin stopped Joliet 19-0, and La Salle-Peru beat Freeport 14-0.

Chicago Heights Bloom turned back Thornton 33-19, Kankakee beat Blue Island 7-0, and Ottawa stopped De Kalb 26-3.

East St. Louis and Collinsville battled to a 7-7 tie. East St. Louis Lincoln beat Assumption 28-6.

In other games, Quincy beat Decatur 38-7, Pana smashed Kincaid 42-7, and Shelbyville beat Taylorville 27-13.

Flu was the biggest single factor of the weekend football play. It caused postponements of at least 25 prep games in the state Friday night.

Eddie Price Smashes Over from Six-Yard Line Late In Third Quarter

Fullback Eddie Price smashed over from the six-yard line with 53 seconds remaining in the third quarter as the Harrisburg Bull Dogs beat Carbondale, 7-0, in a cold Homecoming football game last night at Taylor Field.

The extra point was a place kick made by tackle Ronnie Maynard, who played his most aggressive game of the year against the Terriers.

The score does not indicate the superiority of the Bull Dogs over the Carbondale team. The Bull dogs, with practically no substituting, were moving and threatening all night and the Terriers never did get started, making only one first down and finishing up with a minus yardage in rushing. Quarterback Ray Hassett of Harrisburg mixed up T and single-wing plays as the locals gained yardage.

Players Ailing

Carbondale came to town with five regulars, including quarterback Jay Lovelace, ailing. Carbondale fans reported. Out for Harrisburg were Ira Logan, first string end and kicker, hurt last week, and Gary Aldridge, first string guard who also plays quarterback, who reported ill and was sent home.

The statistics tell the story of the game:

Harrisburg made 15 first downs, Carbondale one. Harrisburg made a net 229 yards rushing, Carbondale a net minus 32, gaining only 16 while losing 48. In passing Harrisburg made none out of seven with three intercepted and Carbondale hit on one out of six for 39 yards with one intercepted.

So on total yardage from scrimmage Harrisburg had 229 and Carbondale seven.

Harrisburg was penalized 45 yards, Carbondale 15.

Yates Moved to End

Price, Mickie Stone and Darrel Duke were the big guns in the Harrisburg attack although big credit must be given an iron man line, which opened up holes and charged magnificently to keep the Terriers from moving at all. Price had a net 109 yards, Stone a net 90 and Duke a net 36. Reason their total is more than the Harrisburg net total from scrimmage is that there was yardage lost by other players who did not carry the ball much.

Coach Lawrence Caluffetti moved Bill Yates from halfback to end and used him and Don Pickford at ends, Ron Maynard and Jack Simpson at tackles, Bill Endsley and Darrel Biggs at guards and Allen Buchanan at center, all but Endsley playing the entire game and Endsley getting a little rest when Henry Winters relieved him.

In the backfield it was Ray Hassett at quarterback, Stone and Duke at halfbacks and Price at fullback on offense with Wendell Fisher backing the line on defense and Carl Fleming seeing some action.

In the first quarter Harrisburg ran up five straight first downs, moving from the H-11 all the way to the C-23, but the locals went no farther. In the second period the Bull Dogs had a first down on the C-14 but lost the ball on a fumble. They started moving again in the same period but lost the ball on an intercepted pass.

Play West Frankfort Next

Harrisburg again moved in the third quarter, taking the ball on the kickoff and going to the Carbondale 17, but a pass interception again took the ball away. A 50-yard run by Stone from the H-46 to the C-4 was the highlight of this threat.

Next time, however, Harrisburg scored.

Starting from the C-42, Price carried four times and Duke once as the ball went to the 6. There Eddie smashed over standing up for the tally and Maynard's extra point kick was good.

Looking at Sports

BY BILL MELTON

The Eldorado-at-Cairo football game scheduled for Friday, Oct. 25, has been re-scheduled for 2 p. m., Monday, Nov. 11.

Colds and flu invaded both schools and had several gridders on the sick list.

Cairo's game with Poplar Bluff, originally listed for Friday, Nov. 8, has been reset for Wednesday, Nov. 6, to give the Cairo gridders a rest before clashing with Eldorado on Veterans' Day.

Bob Stewart, Shawneetown basketball captain during the 1956-57 season and lone junior regular on the great tem of the season before, is attending the University of Texas this year.

Stewart, a fine guard with a swishing jump shot, is one of a very small number of out-of-state cagers working with the Texas freshman squad.

Had a letter from Dick Lehr, assistant football and head basketball coach at Fairfield high school. Dick says "If" Fairfield is in southern Illinois that I have been incorrect in referring to Eldorado as the only unbeaten and untied team in southern Illinois.

I have wondered about that myself on occasions. Fairfield won its first six games, including victories over highly-regarded Mt. Vernon and Salem, but Fairfield always seems a little too far north to be considered in southern Illinois. However, it is usually said that Little Egypt or Southern Illinois is everything south of Centralia and that surely includes the home of the Mules.

Dick says Fairfield is playing fine ball and the town has gone "goggle-eyed". "We have enough banquets coming up already to last all winter and if we go ahead and win the conference no telling where it will end. The last conference title won by Fairfield in football

was in 1935 when Abe Martin was coach," Lehr states.

Lehr's statement "if" Fairfield is in southern Illinois, is a good one. Just where is southern Illinois?

Remember when I was in service on many occasions I identified my residence with the term, "in southern Illinois" and more than once was asked "Near Elgin?" Many people consider southern Illinois to be that part of the state not in the corporate limits of Chicago.

Midget conference schools open their basketball season Thursday, Oct. 31, with Muddy vs. Ridgway, Raleigh vs. Broughton and Morrisville vs. Galatia.

There are two new coaches in the league—Bill McNew at Morrisville and Clarence Barker at Broughton. Returning are Ben Brinkley at Muddy, Cecil Fulkerson at Raleigh, Menard Hawkins at Galatia and D. M. Marlin at Ridgway.

Brinkley states he has had difficulty getting officials, especially for afternoon games, and qualified officials wishing to call grade school basketball games are asked to call Mr. Brinkley at the Muddy school.

Grade school games should be especially appealing to young officials as the pay is pretty good and there is lots of experience to be gained.

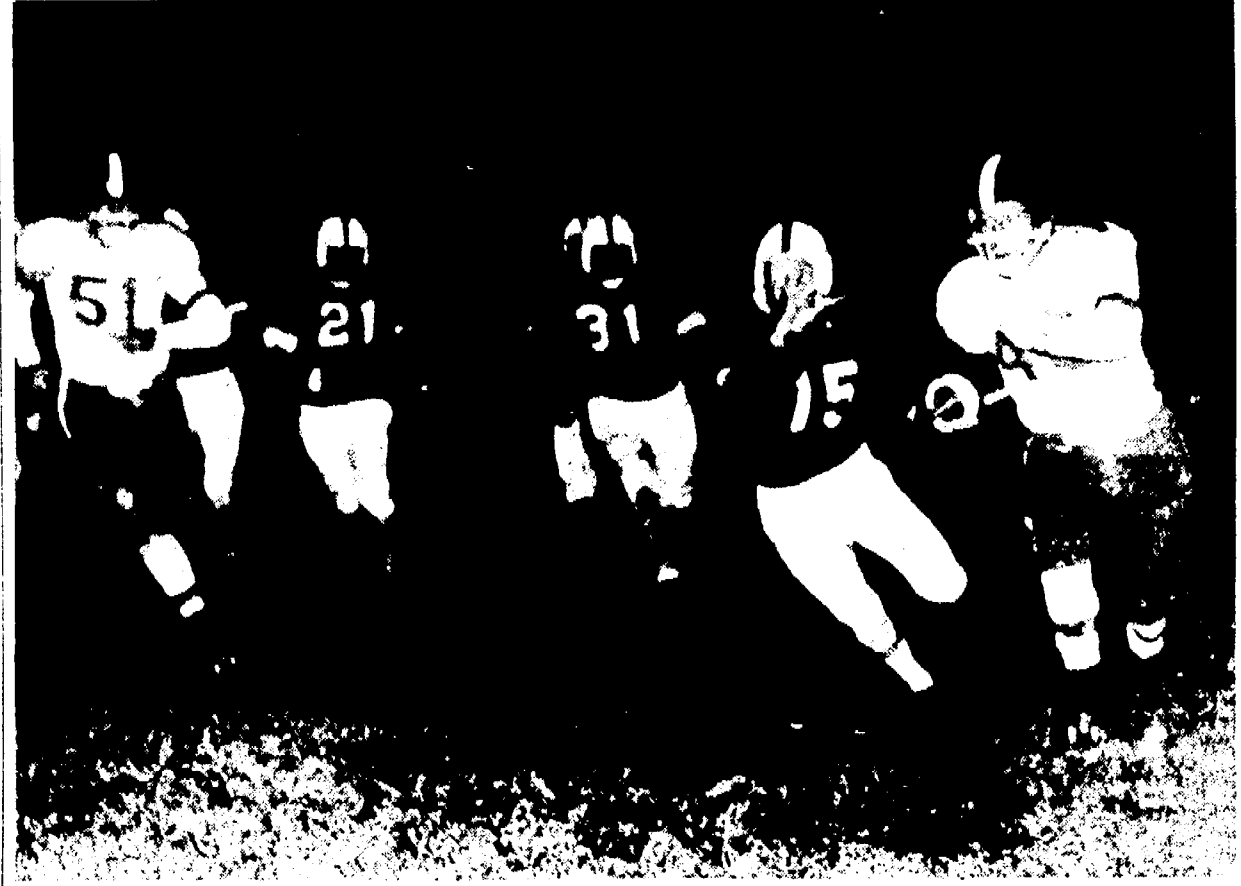

Aaron Feted at Home

MOBILE, Ala. (AP) — Today will be "Hank Aaron Day" in Mobile. The Milwaukee Braves' star outfielder, who was given a brass band welcome when he returned to his home here Friday, will be guest of honor at a parade and testimonial dinner.

BIGGEST THRILL of the Harrisburg-Carbondale football game at Taylor Field last night came when Bull Dog halfback Mickie Stone raced 50 yards to the Carbondale four-yard line. The photo shows Stone being chased by Carbondale players Russ Willoughby (No. 15), Charles Hagler (No. 31) and Gary Imhoff (No. 21) and Harrisburg end Don Pickford (No. 51) moves in. The run was made down the west sidelines toward the north goal. (Daily Register Staff Photo)
